Whooping cough, diphtheria, scarlet fever and consumption are diseases that are often contracted when the child has a cold. That is why all medical authorities say beware of colds. The Steady Subscriber

How dear to our heart is the steady subscriber
Who pays in advance at the birth of each year,
Who lays down the money and does it quite gladly,
And casts round the office a halo of cheer.
He never says, "stop it, I cannot afford it,"
I'm getting more papers than now I can read,"
But always says, "send it, our people all like it—"
In fact we all think it a help and a need."
How welcome his check when it reaches our sanctum,
How it makes our pulse throb, how it makes our hearts dance.
We outwardly thank him, we inwardly bless him—
The steady subscriber who pays in advance.—Ameco.

SCHOOL NOTES

Lydia Prospal has received the highest number of points in the fourth grade arithmetic contest and Milly Ambrosek the highest number in the fifth grade.

The third, fourth and fifth grades will have a holiday this week as a reward for perfect attendance and punctuality. The sixth, seventh and eighth grades will also receive a quarter holiday.

The quarterly exams come again next week and all the students are very busy dreading them.

The Senior class has chosen their class pins, colors and flower so they will soon be known by their decorations.

Maud and Ross Ray have been absent from school part of the week.

The Junior class took their hard earned and well deserved quarter holiday Monday. We hope they enjoyed it for they will not have time to earn another this school year.

The program given Friday afternoon by the Web-foot Owl Literary Society was not as good as former ones have been, but if the students profit by the lecture Mr Gray gave them concerning it, the fault will not occur again.

It is about time for the students who want offices in the Web-foot Owl society to begin electioneering, for election of officers will come at the first of next quarter.

Don't forget the Art Exhibit to be given at the school building April 2 to 5. Copies of about 200 famous paintings will be on exhibition. You will miss something good if you do not attend.
