TWENTY-TWO YEARS AGO

School on the south side was closed for the term yesterday.

Billy Brenner says sheep d'p may be a good thing for mangy dogs, but its tough on "white folks."

Heavy snow storms prevailed in the eastern states last Friday and Saturday. The railroads were badly blocked. There is some comfort in the fact that one lives in Oregon and not there.

An effort is being made to have the wooden buildings between the Bank of Scio and the Press office raised, so that the sidewalk can be raised even with those in front of the last named buildings. This should be done as it will add much to the appearance of the buildings raised and to the comfort of pedestrians.

S W Gaines is preparing for an early garden. He has onions ready for table use and an acre of potatoes planted.

A Farmers Alliance was organized at Munkers Tuesday with nineteen charter members, with T M Munkers, president and Asa Hiron, secretary.

HALL'S CAMP NOTES

Ivan Crawford spent Sunday and Monday in Albany.

F I Beaver and family moved to Hall's camp this week.

A C Dalwipple and wife are visiting at Macleay a few days this week.

Mr and Mrs Enoch Shelton are expected at camp this week.

On account of rain and high water there has been no work the past three days.

Dean Turner of Scio arrived at camp several days ago and is working at falling timber.

Again the snow is all gone except on the high hills and in the deep canyons.

Henry Slater is on the job again looking after the railroad track after a few days off.

Roy Taylor and wife visited relatives at Gates over Sunday.

A crew of men are working at Niagara making preparations to build a dam across the river where it is supposed there will be an electric power plant built in the near future.

S V Hall has been looking over the hills for two or three head of small hogs to buy, but hogs are scarce, so S V Says.

Don't forget to take advantage of the News' \$1. subscription price when you are in town.
