SANTIAM FARM TOPICS.

Strawberries and gooseberries are now ripe and are of fine quality and at reasonable prices; always a fair deal, come soon. Currants and raspberries in season, of fine quality.

We all turned out Saturday and mowed and cleaned up the cemetery at Providence.

Our new road boss, Will Richardson, is doing some fine grading south of Scio and will soon have it ready for a coat of crushed rock, which we'll all appreciate next winter.

Thomas Smail had a funeral in the family last week as old Bob got killed and was nicely buried.

Thomas Haley and wife of Lebanon called on Mrs S W Saturday and spent the night with Mrs Geo Bilyeu.

Mrs Emma Smail got somewhat bruised up by falling while trying to alight from the milk wagon last week and has been laid up for repairs for several days.

Hugh McArthur of Portland was up visiting his old school mate of the '50s, Newton Crabtree. He was an old resident here in his younger days.

M C Gaines was blowing himself last week as he purchased a new buggy and a manure spreader, and would have purchased an auto, but as his wife would not ride in one he thought it would be lonesome riding alone.

Clifford Griffin is amusing himself this week by helping John Leffler of Scio move his house and barn. He has more fun than a sack of monkeys.

Mr Fillpot and Uncle George Bilyeu are expected home the last of the week from their trip to the Bend country where they went prospecting for land. They are disgusted as it was cold as winter and sage brush and jenny rabbits was about all they saw.

Anyone wishing berries of any kind should phone or come soon as the Santiam Farm has the finest and never fails to give a full gallon. The Pie Eater never palms off a crate with four or four and a half gallons for five, all are measured in a standard measure. Strawberries or the vines, 20c, picked 25c; gooseberries same price; currants 25c on the bush, picked 30c; red raspberries on the bush 20c, picked and delivered 35c.

Thomas Smail went to Crabtree Monday for a load of potatoes as Mr Tarnidge is selling them for \$2.50 for all a team can haul.

FRESH PAINT!

How long since this sign hung on your house?

Now just stop and think. Hasn't it been a long time? But what has the weather been doing in the meanwhile? That's the point to consider. When the elements attack the wood your house is on the down grade fast. Soon the loss from depreciation is a whole lot more than the cost of a good coat of paint.

Sure, painting costs money. So the thing to do is to buy the paint that lasts longest, and the answer is Here's the reason: Bass-Hueter Paints are made on the Pacific coast for this climate with its many days of sunshine and seasonal rainy spells.

Just as they have been for years, Bass-Hueter Paints today are the most durable for the Pacific coast climate.

Get the painter to give you an estimate, but insist that he use Bass-Hueter Paints and the repainting will not be necessary for a long, long time.

We sell Bass-Hueter Paints because we know them to be most durable for the Pacific coast climate—know it by practical experience and severe test.
