If you pay as you go and are  
able to go as you pay you will  
get there.

The rarest things of the season—  
sensible lovers, good cooks  
and truthful politicians.

The man who cannot keep a  
2 x 4 lawn in decent shape is  
usually quite sure he could manage  
successfully a half section farm.

A female fly will deposit 150  
eggs at a laying. In warm  
weather these eggs hatch in eight  
hours. In ten days they are able  
bodied flies able to lay more eggs.  
In killing the first fly, how many  
later flies do you destroy?

Nothing adds more to the attractiveness  
of a town or makes a better impression  
on visiting strangers than newly painted  
residences, neat fences, good  
sidewalks, clean streets and  
withal a goodly number of shade  
trees and ornamental shrubbery  
and flowers in your yards. It is  
indicative of refinement, culture,  
good taste and thrift.

The farmer actually pays a  
premium for bad roads. He pays  
it in time expended in getting to  
market; in value of drafting animals  
and the food they eat, and  
in the extra hand for their care  
and handling; in increased number  
of vehicles and wear and tear  
on them, and in the decreased  
product of land that has less  
attention and care. If the  
country had a system of smooth  
and hard highways it would  
blossom like a rose, and prosperity  
would follow in the wake.

There are but few editors in  
our state who have not made a  
vigorous and continuous fight  
against the city mail order house.  
This has been done in the interest  
of the home merchant, and  
without money and without  
price. If the editors of the land  
had received regular advertising  
rates for all they have said  
against these enemies of the  
country merchant they could now  
be wearing diamonds. Now the  
department store man appreciates  
advertising space and is willing  
to take all the average  
country editor has for sale, and  
at a good price. What other  
class of business or professional  
men would refuse business to  
help their friends, especially as  
many of said friends never seem  
in the least disposed to return  
the compliment or even appreciate  
it.

### Take Plenty of Time to Eat.

There is a saying that "rapid eating  
is slow suicide." If you have formed  
the habit of eating too rapidly you  
are most likely suffering from indigestion  
or constipation, which will result  
eventually in serious illness unless  
corrected. Digestion begins in the mouth.  
Food should be thoroughly masticated  
and insalivated. Then when you have  
a fullness of the stomach or feel dull  
and stupid after eating take one of  
Chamberlain's Tablets. Many severe  
cases of stomach trouble and constipation  
have been cured by the use of  
these tablets. They are easy to take  
and most agreeable in effect. Sold by  
all dealers.

Everything new in dress  
goods for Spring at Hibler &
