New Fire Stations

The steel towers that support electric power transmission lines are being increasingly used by forest rangers as fire lookout stations on national forests. With the harnessing of the mountain streams a network of these lines is gradually being woven over the forests and in the absence of other convenient lookouts, the rangers find the steel towers helpful in their fire patrol work.

Good Reason for His Enthusiasm

When a man has suffered for several days with colic, diarrhoea or other form of bowel complaint and is then cured sound and well by one or two doses of Chamberlain's colic, cholera and diarrhoea remedy, as is often the case, it is but natural that he should be enthusiastic in his praise of the remedy and especially in this case of a severe attack when life is threatened. Try it when in need of such a remedy. It never fails. Sold by all dealers.

Remarkable Cure of Dysentery
"I was attacked with dysentery about July 15 and used the doctor's medicine and other remedies with no relief, only getting worse all the time. I was unable to do anything and my weight dropped from 145 to 125 pounds. I suffered for about two months when I was advised to use Chamberlain's colic, cholera and diarrhoea remedy. I used two bottles of it and it gave me permanent relief," writes B W Hill of Snow Hill, N. C. For sale by all dealers.
