A new woodenware factory is in successful operation at Sellwood.

Lents will have a modern broom factory.

Beaverton will have a brickyard.

Linn Co. School Fair

Dear Mr Editor:—

I beg to say through the columns of your valuable paper that, as we are nearing the close of another school year, it is no doubt the proper time, and in my opinion the duty, of every teacher and patron of the public schools of the county to give special attention to encouraging every child of school age to begin to prepare an exhibit for our next annual School Fair to be held at Scio September 23, 24 and 25. This is a work of great importance and should receive the endorsement of every citizen of the county and while much has been accomplished, it should be our ambition to make the fair a greater success in the future.

This year several local fairs will probably be held in the county, but with the prime object to strengthen the cause and make the County Fair a greater success. This, however, depends to a great extent on the loyalty of the citizens of Scio and vicinity in giving the matter special support. In the past there has been entirely too large a per cent of the schools in the immediate locality of the fair failing in giving proper support, and unless this can be improved there is but little hope of success.

Now friends, this may appear unjust criticism, nevertheless, it is true. The County Court and the Fair Board have been liberal in offering prize money. The supervisors and the county superintendent have sacrificed time and their own money to make the fair a success. But with all these advantages the fair cannot be made a success without better support by the teachers and the encouragement and support of the citizens in general.

We again solicit your support as a booster for a greater Linn County School Fair, and assure you of our support in every way that is just and proper.

Very truly,
W. L. JACKSON,
County Supt.

Bids Wanted
