Petition Filed

The following petition containing eleven names, was filed with the clerk of District 95 last Monday, but we have not learned what action, if any, the directors have taken. Many more students wanted to sign the petition but gave as their reason for not doing so that they were afraid it might work a hardship on them next winter if a new principal was not engaged:

"We, the undersigned students of the Scio High School, hereby certify that we are not satisfied with the school work of M S Lovelace as principal, and enumerate below some of our reasons for not wishing him retained the following year:

"(1) Mr Lovelace has allowed ragging in the school building throughout the year.

"(2) Mr Lovelace has allowed cigarette smoking on the school grounds throughout the year and has made no effort to prohibit the same.

"(3) No fire drills have been held at the Scio school during the entire year.

"(4) Mr Lovelace sets a very poor example before the school by his slang expressions and incorrect use of English in the class room."
