Entertainment for Everybody

People have a thousand and one ways of amusing themselves in the summer time, but as winter approaches, with its long evenings, everybody reads more or less.

You do a little visiting, but most of your evenings are spent at home, and it is a wise thing to provide your family with a sufficient amount of reading matter, so that every member of the family may have something useful and interesting to read.

Look over our list of magazine clubs as advertised on another page in this paper; you are sure to find just what you want. You can get a good farm paper if you need it, a good poultry paper, one devoted to fruit culture, or dairy farming. You will also find in the different clubs many of the best story papers published, and others devoted to literature, fashions and household subjects.

Probably your own favorite journal is listed in this collection of the best and most popular magazines published, at any rate you will not make a mistake in taking advantage of these bargain offers. You can get three fine high class magazines in connection with a year's subscription to our paper for practically nothing.

Let all the family help make up the list. Mother can have her paper, father can have his, and there will still be one left for the young folks. Send us in your order today. Do it before you forget about it. The extra cost is so little that it is hardly worth considering, and besides you will be made glad for a whole year by the monthly visits of the three high class publications.

Large range given away on Saturday, October 17. With every piece of Vinton granite ware purchased you will get a number which has a corresponding number. You retain one number, we keep the other, and on October 17 the one having the right number will get the Range free. Range and granite ware are now in Morrison's front window. This granite ware is something new and we are giving away the range simply to advertise the ware. You are just as apt to get the range with a small piece of granite ware as with a large one.—N I Morrison.
