Frank Bartu arrived home this, Thursday, morning from his visit to Europe, looking as happy as a clam at high tide to get back to the peaceful Willamette valley once more. He left Southern Europe September 17 and was held up on the way until the 27th, leaving Rotterdam on that date on the steamer Rydam, and arriving at New York the 7th of this month. He visited relatives in Kansas and Southern California on the way home, and brought a niece, Miss Konba of Marka, Kansas who will visit with them this winter.

Just remember that the News office sells typewriter ribbon and carbon paper cheaper than anyone else in Linn county.

An Aged Hop Picker

Four and one-half boxes of hops is generally considered to be a good day's average for pickers in the prime of life, says the Albany Democrat, but that is the record which was made by Mrs. Rebecca Morris on her seventy-second birthday on the fourth day of September. Mrs. Morris was working in a yard near Independence at the time.

Mrs. Morris is the daughter of Mr. and Mrs. John Crabtree, who were among Linn county's earliest white inhabitants, having settled in the vicinity of Scio in 1845.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarth. Hall's Catarth Cure is the only positive cure now known to the medical fraternity. Catarth being a constitutional disease, requires a constitutional treatment. Hall's Catarth Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
