Surprises Many in Scio

The QUICK action of simple buck-
thorn bark, glycerine, etc., as mixed in
Adler-i-ka, the remedy which became
famous by curing appendicitis, is sur-
prising Scio people. Many have found
that this simple remedy drains so
much foul matter from the system that
A SINGLE DOSE relieves constipation,
sour stomach and gas on the
stomach almost IMMEDIATELY. Adler-
i-ka is the most thorough bowel
cleanser ever sold. E. C. Peery, drug-
gist.

Makeup Man in Bad Mixup

In handling the slugs which
make up the lines in a news-
paper, and in separating the var-
ious items, the makeup man
sometimes gets the lines mixed
up and they naturally read rather
queer. As an illustration of
what can happen, we cite the
mixup of the Bangor (Pa.) News
a few days ago when the printer
got a wedding and an auction
sale mixed up with the following
result:

"William Smith the only son
of Mr and Mrs Smith and Miss
Lucy Smith were disposed of at
public action at my farm one
mile east in the presence of
seventy guests, including two
mules and twelve head of cattle.
"Rev. Jackson tied the nup-
tial knot for the parties, averag-
ing 1,250 pounds on hoof. The
beautiful home of the bride was
decorated with one sulky plow,
one feed grinder and two sets of
work harness, nearly new and
just before the ceremony was
pronounced the Mendel and sons
wedding march was rendered by
one milch cow, five years old,
one Jersey cow and one sheep,
who carrying a bunch of bride's
roses in her hand was very beau-
tiful. She wore one light spring
wagon, two crates of apples,
three ricks of hay, one grind-
stone of mousseline de soie and
trimmings with about one
bushel of spuds. The bridal
couple left yesterday on an ex-
tended trip. Terms, spot cash."

Council Proceedings

The city council met in regular
session last Thursday evening at
the city hall. As there was no
business of importance on hand,
little was done except to pay
regular bills, as follows:

N I Morrison.....	\$ 3.35
Ralston Electric Co.....	14.32
Walter Bilyeu.....	75.00
J N Weddle.....	10.00

Short order service at the
Scio Hotel inaugurated by
Mr Brown last Monday serv-
ing orders from five cents up
at all reasonable hours is
proving to be an appreciated
convenience to the entire
public. Keep up your pro-
gressive ideas. Mr Brown.
Scio needs them.

G L Barker of Condon was
here the last of the week on a
deal with Jerome and Frank
Smith to trade them 2200 acres
of wheat land near that place
for their feed store here and
other interests which they have
at Lebanon. No trade has been
made as yet however. This
land lies near the 1200 acres for
which Jerome Smith traded
recently, putting in his West
Scio property as part payment.

BUTTER WRAPPERS

The state law requires that all dairy butter offered for sale at a dealers, must be enclosed in a paper wrapper on which is printed the number of ounces of butter, full weight and by whom made.

We are equipped to print these wrappers to comply with the state law and at prices you cannot afford to ignore, and when used they make a very neat and attractive package.

THE SANTIAM NEWS

There is more Catarrh in this section of
the country than all other diseases put
together, and until the last few years
was supposed to be incurable. For a
great many years doctors pronounced it a
local disease and prescribed local reme-
dies, and by constantly falling to cure
with local treatment, pronounced it in-
curable. Science has proven Catarrh to be a
constitutional disease, and therefore re-
quires constitutional treatment. Hall's
Catarrh Cure, manufactured by F. J.
Cheney & Co., Toledo, Ohio, is the only
Constitutional cure on the market. It is
taken internally. It acts directly on the
blood and mucous surfaces of the system.
The cure is one hundred dollars for any
case. It fails to cure, send for circulars
and testimonials.

Warwick the Kingmaker.

The Earl of Warwick, commonly
called the "kingmaker," from the
faculty with which he created and
deposed monarchs during the con-
test between the houses of York and
Lancaster, lived in a style of mag-
nificence and hospitality of which
no other period furnishes an ex-
ample. No less than 30,000 persons
are said to have lived at his board
in the different manors and castles
which he possessed, and the milita-
ry, allured by his hospitality as well
as his bravery, were strongly at-
tached to his interests. This distin-
guished warrior fell at the battle of
Barnet in 1471, when, owing to the
mistake of one part of his army fall-
ing upon the other during a fog, he
was defeated by Edward IV.

Whist Hands.

Every person when he takes up
his cards at a game of whist holds
one out of 635,013,559,000 possible
hands. As for the total number of
variations possible among all play-
ers, it is so enormous as almost to
exceed belief. Mr. Babbage calcu-
lated that if 1,000,000 men were to
be engaged dealing cards at the
rate of one deal every minute, day
and night, for 100,000,000 years
they would not have exhausted all
the possible variations of the cards,
but only one one-hundred thou-
sandth part of them.

The X Ray.

It was on the 8th day of October,
1895, that Professor W. C. Roent-
gen, while experimenting with a
Crookes vacuum tube, electrically
excited and enveloped in a black
covering, observed that some of the
rays proceeding from the tube pass-
ed through the black paper and af-
fected a fluorescent screen at a dis-
tance of some six feet away. That
was the beginning of our knowledge
of the powers of the so called X ray
—a knowledge that has been of such
incalculable value to us in so many
ways.
