Law Governing the Payment of Taxes

Owing to some confusion in regard to the payment of taxes the following text of the new law as recently passed by the Oregon Legislature is given:

"Taxes may be paid in full or in two equal installments, subject to the following conditions:

"First. If any tax paid in two installments, the first half must be paid on or before March 31, 1915. If the first half is paid in time, the second half may be paid without penalty after May 22, 1915 and before October 1, 1915. If the second half is not paid during this period, it will become delinquent on October 1, 1915, and subject to a penalty of 10 per cent per annum until paid.

"Second. If the first half of any tax is not paid on or before March 31st, 1915, then the whole of the tax will be due and subject to a penalty of 1 per cent a month from April 1, 1915 until August 31, 1915. On September 1, all taxes of which one half has not been paid prior to April 1, 1915, will be delinquent and subject to a penalty of 10 per cent and interest at the rate of 12 per cent per annum until paid.

"Third. If the first half of any tax is paid in time (before April 1, 1915) it will be necessary for the tax payer to defer the payment of the second one-half until after May 22, 1915, to avoid penalty on that half, as the present law, which will be in effect until May 22, 1915, requires the tax collector to collect a penalty of 1 per cent per month on all taxes paid after March 31, 1915.
