

# WHY BUY UNITED STATES CREAM SEPARATOR

The Interlocking Sectional Type differs vastly from the disc or any other separator construction. It is the modern product of new and better ideas and is manufactured under the latest cream separator patents. Antiquated, abandoned principles of construction have no place in its makeup.

The Interlocking U.S. is the perfected product of over twenty-five years experience in building cream separators.

It takes years of experience to develop a cream separator of highest efficiency. A large number in our factory have this experience, having made a life study of the U. S.

It is made in the United States. You can get repairs if needed.

It is safe for women and children. All the gears are completely enclosed.

When buying the U. S. you get a separator more improved and up-to-date than others, for example.

The U. S. was the first to use the oil-splash system. The U. S. oils all the gears. Imitators oil only part of the gears.

The U. S. is the first to have a Mechanical Washer. Others are spending large sums trying to invent one equally effective.

The U. S. is the first to have a non-rusting bowl chamber liner. We predict others will copy it in years to come.

The patented U. S. Interlocking Skimming device has proved a better skimmer than "disc" bowls. It would be imitated if not patented.

The U. S. adjustable neck-bearing controls the running of the bowl. Others would use it if they could, but patents prevent.

The gears revolve on the shafts and in the middle between bearings. Get a mechanic's opinion on this point.

The U. S. skims Nature's way, cream at the top, milk at the bottom. As yet we've never heard of any one who has improved on Nature. Have you?

When a better Cream Separator is made it will be a U. S.

Stop in and look over the new U. S. Take home a catalog. It will stand a thorough careful study. Investigate the U. S. before you invest.

### Farmers Union Doing Business

This week we sent off almost \$600 cash. 52 sacks of Fruit and berry sugar, at a saving of 33% per cent the way sugar was selling in Scio March 26 1915, also 15000 pounds salt at a saving of 66 2/3 per cent, dried peaches and other things at a similar saving. The good work is going on nicely, G L Sutherland has recently organized four new Locals with two more soon to be organized. We thank the Editor of the Scio Tribune for his recent editorial in putting up the work of the Farmers Union to the Local merchants of Scio. But be careful Mr Dugger or the business men of Scio may wait upon you as they did Edito. Charles of the News, if you say too much in favor of the Farmers Union and stop their subscription. But you are right brother the Farmers Union is here to stay whether the merchants stay or not. - I am afraid the breach has widened so much that it will be hard to get the farmers and merchants together again, when we buy just as cheaply as they do, at such a percent saving over their retail prices.

Yours for the FE & CU of A  
G L Sutherland.

When you have a cold you want the best medicine obtainable so as to get rid of it with the least possible delay. There are many who consider Chamberlain's Cough Remedy unsurpassed. Mrs J Boroff, Elida, Ohio, says, "Ever since my daughter Ruth was cured of a severe cold and cough by Chamberlain's Cough Remedy two years ago, I have felt kindly disposed toward the manufacturers of that preparation. I know of nothing so quick to relieve a cough or cure a cold." For sale by all dealers.

Tom Christy's all white minstrels showed at Wesely's new opera house last night and are billed again for tonight, but as they failed to patronize the News in any way or supply complimentary tickets, we are unable to say whether the show is good, bad or indifferent. As a general rule however, the shows that do not patronize the local papers do not amount to very much.
