AND DON'T MAKE YOUR ONLY STOP IN PORTLAND

It cost \$4,054,646 to govern the city of Portland during 1914. Based on a population of 275,000 the above sum represents an average of \$14.75 for each individual, which is probably more than some of them are worth.

The Warrenton News is the latest exchange to come to our table. It was started last month by E H Flagg, a well known newspaper man of the state, and judging from the advertising patronage, Mr Flagg chose his location wisely.

E D Alexander launched the "Stayton Standard" on the troubled newspaper sea last week at Stayton. It is a neat newsy seven column folio, and as Mr Alexander is a veteran newspaper man and has been itching to get back into the game for several years, he will no doubt make a go of it.

That people read newspaper advertising is evidenced by the fact that the Hamilton store of Albany advertised in the Scio and Stayton papers, the excursion which was run from Detroit last Friday and more than one hundred and fifty people were taken to Albany on this train which was run exclusively for the Hamilton sale.

One Salem automobile dealer has sold the forty cars he was allotted by the factory, says the Salem Journal and complains that his requisition for one hundred and fifty machines was turned down. Conditions like this make us wonder if there is really a business depression, or has the automobile become a necessity instead of a luxury.

After a thorough investigation of the various fruit growing sections of the Pacific Northwest, the big Chicago packing firm of Libby, McNeil & Libby has decided to erect a cannery at The Dalles. The announcement has been officially made by a representative of the company and construction will be rushed in order to be ready for the cherry crop in June.

A new magazine to be devoted exclusively to taxation, good roads, crop marketing, rural credits and other live topics, is being launched by C C Chapman who has just retired from the secretaryship of the Oregon Development League. The new publication is to be called The Oregon voter and the first number will go to press late in April.

Within the past few days definite action has been taken at Salem in regard to starting the flax industry in the state. In

**C. M. COFFEY**

order to encourage farmers to experiment with the new crop, it is planned to offer \$15 per ton for flax straw, a considerable advance over prices in other sections. Seed will be furnished at \$3 per bushel, payment to be made when the straw is marketed.

Efforts are being made by railroad officials to induce farmers in the Willamette Valley to grow cauliflower in wholesale quantities. It is said there is an unlimited demand for this vegetable in Chicago and other cities of the Middle West and that regular market rates are such as to yield a handsome profit to growers.

A big plant for screening and washing of sand and gravel will be installed at Roseburg in the near future. Several thousand dollars will be invested in machinery and buildings and sidetracks connecting the works with the Southern Pacific Railway will also be put in. Contracts have already been entered into for disposing of a large part of the output.

Elsewhere in this issue will be found a communication regarding the proposed hospital for Scio. This is a good movement and should be given the support of everyone in this part of the country. A first class hospital in a town is an asset of value of which cannot be measured in dollars and cents, and is an institution that may be needed to save the life of any citizen in the community at any time. Let's all go out and boost for the hospital.

Any extra you want for your machine can be got through N I Morrison, no matter what it is.

All of our subscribers who have received the magazines seem to like them. Some have told us they don't see how we can do it. When renewing your subscription to the News don't forget to ask about the magazines.

**GOOD SUGGESTION TO SCIO PEOPLE**

It is surprising the amount of old, foul matter the simple mixture of buckthorn bark, glycerine, etc, known as Adler-i-ka, drains from the system. This remedy became famous by curing appendicitis and acts on BOTH the upper and lower bowel so thoroughly that ONE DOSE relieves sour stomach, gas on the stomach and constipation almost IMMEDIATELY. We are mighty glad we are Scio agents for Adler-i-ka. E C Peery, druggist.

Mrs Veva Sturges returned Wednesday to her home at Riley, Oregon, after an extended visit here with her parents Mr and Mrs G A Griffin.

Mrs Bud Jones who lives at Houser & Ballantype Mill has gone to Missouri for a visit.

**\$100 Reward, \$100**

The readers of this paper will be pleased to learn that there is at least one remedy for the most distressing and dangerous disease, Catarrh of the Bladder, that is available in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known for this distressing and dangerous disease. It is a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thus destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have no fears, fully by the evidence, that they offer One Hundred Dollars for any case that it fails to cure, send for list of testimonials.

Address: F. J. CHAMBERLIN & CO., Toledo, O. Sold by all Druggists. Take Hall's Family Pills for constipation.

Morrison handles repairs for the Oliver line of plows.

**A Cure for Sour Stomach.**  
Mrs Wm M Thompson, of Battle Creek, Mich., writes: "I have been troubled with indigestion, sour stomach and bad breath. After taking two bottles of Chamberlin's Tablets I am well. These tablets are splendid—none better." For sale by all dealers.

All makes of typewriter ribbons for sale at the News office, 35c each.
