UPPER SANTIAM EVENTS

I have three peach trees which blossomed in full. A flock of little birds lit among the bloom and stripped the trees clean. Nary blossom left. Will some one lend me a gun?

Mr Carter of Gates has moved his family to Detroit. He is able to go to work again after both legs have been broken. Accidents are unavoidable in the logging business, the several logging companies doing business up here have always used the utmost care, but limbs will fall, trees go unexpected ways, logs being pulled out of the woods some times bound out of the trail. A person can not always see the unexpected.

Frank Crainer has moved to his ranch near Gooch. His brother Everett who was working for a company near Silverton is getting along nicely with his broken arm and two broken legs.

Ed Davis who lives on Mad Creek is deputy fruit inspector. His certificate of inspection is placed on all packages of trees that are shipped from Gates from the Lawson nurseries.

Bert Turnidge while standing at the phone fainted. Dr Ransom pronounced it la grippe. Bert was a student in the Scio high school in 1902.

J L Turidge is down with the grippe.

A Portland specialist ordered H Goddard to go to bed and stay there thirty days, as the valves of the heart are weak. Mr Goddard is the Superintendent of the fling department of the big mill here. He began fling in 1887 doing it alone by hand. He now has three assistants and seven automatic fling machines. He is a useful and progressive citizen. He is serving and has served almost continuously as school director, member of the election board and trustee of the Presbyterian church during the past 27 years.

Riley Thomas who was badly hurt in falling from the dry house, came up from Jordan where he had been visiting old time friends. He is on the mend.

Job Shelton of Lyons and Frank Thomas of Stayton are papering new homes in Mill City.

Robert Shaw manager of the Ham-

mond mill at Astoria came up on business. He was accompanied by his father and mother from Albany.

Preparations are being made to start the Schveder mill at Gates, after being idle all winter.

At present writing no trace of Mr White who was lost at Detroit has been found.

The Easter service at Mill City church were and always are a decided success.

Most of the overland travel from here goes by way of Stayton. If the missing links down Jordan way were fixed most of it would go to the Linn Co side.

J R GEDES

Bids Wanted

Wanted bids for 40 ed 4 foot 2nd growth fir, 5 cords 16 in. old fir, 10 cords 4 foot grub oak. Bids must be in by April 10, 1915 and wood delivered in full by August 1st 1915.

The Board of Directors of district 95 reserve the privilege of accepting or refusing any or all bids.

J F Wesely
Clerk Dist 95

Nothing So Good for a Cough or Cold

When you have a cold you want the best medicine obtainable so as to get rid of it with the least possible delay. There are many who consider Chamberlain's Cough Remedy unsurpassed. Mrs J Boroff, Elida, Ohio, says, "Ever since my daughter Ruth was cured of a severe cold and cough by Chamberlain's Cough Remedy two years ago, I have felt kindly disposed toward the manufacturers of that preparation. I know of nothing so quick to relieve a cough or cure a cold." For sale by all dealers.

Born—Tuesday, April 6, to the wife of Mike Kelly, a son.

E C Peery returned Tuesday from a business trip to Portland.

A RECENT

U. S. Government Report

Makes Plain Your Need of a

UNITED STATES CREAM SEPARATOR

With

Guaranteed Non-Rusting Skimming Device

The scientific staff of the dairy division in the United States department of Agriculture recently conducted a series of experiments to learn what effect, if any, (rust) has on cream and butter.

The tests definitely established the fact that even minute particles of iron (rust) caused certain undesirable flavors and that in every instance when butter was scored a few days after the making, the samples in which iron (rust) was present scored lower than the butter made from cream which contained no iron rust.

In using the United States Cream Separator with non-rusting skimming sections of solid nickel silver you avoid all risk of cream and butter with an "off" flavor.

The U S Skimming sections are positively guaranteed never to rust. No other separator manufacturer gives you a printed non-rusting guarantee.

Yet, United States Cream Separators, with this big exclusive improvement, are sold at no higher prices than other separators without it

A demonstration gladly given at your home, with obligation.
