AND DON'T MAKE YOUR ONLY STOP IN PORTLAND

State school authorities throughout Oregon are cooperating with the State Board of Forestry and Oregon Forest Fire Association in carrying forest fire lessons to public school pupils before the 1915 danger season opens. Over seventy thousand little booklets are being distributed containing a story entitled "The Friends Of The Forest" written by E T Allen, which weaves into attractive story form, with a boy and a squirrel as heroes, the age-old prevalence of fire in these states, the struggles of the trees for self-preservation and the interest of men and children in our forest resources.

It is rumored that one of Scio's citizens who howls in season and out, admonishing the people to trade at home, has been percolating on our streets this week shamelessly flaunting a new coat, vest, trousers and dome thatch, all purchased, presumably, of a mail order house assuredly not in Scio. It is up to our friend to explain the why of the discrepancy between his precepts and his practice.

Willis H Jenkins, traveling passenger agent for the Southern Pacific was looking after the company's interests in Scio Wednesday.

Dr Prill made the sale of an Overland car to Mike Kelly this week, driving it up from Portland Monday night.

Archie Lindley has been quite sick this week with an attack of tonsillitis.

Morrison handles repairs for the Oliver line of plows.

Stomach Trouble Cured.

Mrs H G Cleveland, Arnold, Pa., writes, "For some time I suffered from stomach trouble. I would have sour stomach and feel bloated after eating. Nothing benefited me until I got Chamberlain's Tablets. After taking two bottles of them I was cured." For sale by all dealers.

is fast gaining notoriety as a machinist.

Poke Eazley is spending the week at the postoffice watching the dirt-daubers build nests on the rafters. This is the only job of work Poke ever witnessed without suggesting a better way to do it.

A number of candidates have been in Hogwallow lately. They all claim to be nice men.

A roach crawled into Poke Eazley's right ear Monday night when he was not listening and its arrival out the other ear is looked forward to with much anxiety by Poke.

The Old Miser is getting closer each day. He would not even loan Dock Hooks enough lard to grease his watch.

Ellick Hellwanger made the trip to Bounding Billows this week. He heard somebody over there had said something about him, but when he got there they all denied it.

Columbus Allsop is on a trade for two more dawgs, to take up the surplus fleas at his house this summer.

Poke Eazley is proud that there will be plenty of frogs this summer, as they bother the old Miser with their hollering at night.

Old papers 5 cents a bundle at the News office.

There will be other attractions besides the show that will be put on some time during the afternoon of April 24. N I Morrison.

Byron at Ostend.

At one time Ostend was a great fortress looking out over the North sea through her menacing loophole upon the sails of vikings. A century ago Byron made his memorable flight not from, but to Ostend, in terror of vandal bailiffs, who were laying siege to his mansion in Piccadilly. The poet made the journey to Dover in his magnificent £500 coach, but had to wait until a storm abated before the mail packet felt it safe to set sail. That Byron was far from seasickness in his crossing "Childe Harold's Pilgrimage" testifies.—London Standard.

Wonderful Musical Memory.

Sir John Stainer had a wonderful musical memory. It was put to the test once at the Crystal palace when he had to play the organ in the "Messiah" and a folio copy, on which alone he could see the score, was not forthcoming. The conductor was in despair. Sir John cut the knot by a wonderful tour de force, playing the part faultlessly right through and entirely from memory, probably the only time the "Messiah" has been so rendered.—London Standard.

Wild Apples.

In the Sandwich Islands the apple has become wild, and whole forests of trees, many acres in extent, are found in various parts of the country. They extend from the level of the sea far up into the mountain sides. It is said that miles of these apple forests can occasionally be seen, and very beautiful they are, both when in flower and in fruit.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Surprises Many in Scio

The QUICK action of simple buckthorn bark, glycerine, etc, as mixed in Adler-ika, the remedy which became famous by curing appendicitis, is surprising Scio people. Many have found that this simple remedy drains so much foul matter from the system that A SINGLE DOSE relieves constipation, sour stomach and gas on the stomach almost IMMEDIATELY. Adler-ika is the most thorough bowel cleanser ever sold. E. C. Feery, druggist.
