Will Abbott came over from Falls City the last of the week to investigate the report that some sneak thief had broken into his house south of town and made away with a number of deer antlers and other valuables. A search warrant was procured and the goods found in another man's woodshed. A warrant was issued for this individual Monday, but in the meantime he had made himself scarce in these parts. Little effort has been made to apprehend the thief, but it is stated that he will walk into trouble as soon as he returns to Scio. As the relatives of the criminal are respectable people and feel the disgrace keenly the name is withheld from the News. Mr Abbott returned to Falls City the fore part of the week where he states they are getting along fine running the hotel and like their new location very much.

Dance May 22

A dance will be given Saturday evening, May 22 at the Richardson Gap T J S and Z C B J hall. Good music will be furnished and a good time assured to all. Lunch will be served at midnight. Everybody is cordially invited to attend.

Mr Ramsey, who lives near the Richardson Gap hall was in town Tuesday and stated that the electric storm of the night before visited his place, causing some damage. Lightning struck a tree standing near the house, splitting it neatly down the middle and from there it jumped over and splintered one of the porch posts and shattered the beam in one corner of the upstairs, and not being content with this, switched over to the other side and shattered the beam next to the roof. The telephone wires were cut off as clean as if a pair of nippers had been used. Several telephone poles near there were also splintered.

A "Hobbs party" was given at the K P Hall Saturday evening at which about fifty men were present. Dr Prill was exhibiting a picture of the group the first of the week, and it is safe to say that if some of our business men were turned loose in a strange neighborhood in the togs they were wearing, the Judge would give them a long sentence on the general appearance of being old offenders. A fine time is reported by those present.

Drs Lowe & Turner the eye specialists will be in Scio every six weeks. Wait for them.

John Powell was a passenger to Albany Wednesday.

The End

The Tribune is deeply agitated over what it terms the turning of the Santiam News into a farmers union paper. The News is not any more of a farmers union paper now than it has been for a year. As far as that is concerned, most of the members of the union are loyal to the News and at the same time many of the merchants of Scio are likewise loyal supporters of this paper, and as we are loyal to our friends, we print from time to time articles in the interest of the farmers union and at the same time buy our groceries and most of our household necessities of the advertisers in Scio who contribute to the support of the News.

Mr Dugger told a friend of the writer a few days ago that he could run the Santiam News—we doubt it brother Tribune. As that is what you have been trying to do ever since we bought the News of you in 1911, and as you have made a sorry mess of it so far, our apprehensions along this line are not very grave.

All we wish to say in closing is that as far as we are concerned Mr Dugger is at liberty to conduct his business affairs as he sees fit, and we reserve the right to do the same with our private affairs. So far as the writer is concerned, this statement will end any newspaper controversy between the News and our worthy neighbor.

We have matters of more interest to the public without filling our columns with personalities concerning Mr Dugger and his little Tribune.

Canby Herald had able editorial by a resident on the importance of a farm payroll. But to have a farm payroll the farmer must have a good public market. Other payrolls make it possible for him to employ labor.

Wedding Bells

On Wednesday of last week at the residence of Mr and Mrs W E Arnold, uncle and aunt of the bride occurred the wedding of Miss Lora Compton of this city to Mr Liston Darby of Kingston.

Promptly at high noon to the strains of Mendelssohn's wedding March played by Miss Alta Shannon, the bridal pair led by Rev Elmore of Brownsville, entered the living room. The ceremony was performed before a bank of white flowers and green foliage. The bride wore white messaline trimmed in lace and a cap trimmed in orange blossoms and carried an arm bouquet of pale pink and white carnations. The groom wore the conventional color. After congratulations, the company partook of a delightful luncheon served by Misses Leita Couey, Nettie Merritt, Ethel Ingram and Idella Miller. The dining room was prettily decorated in pink and white.

At 3 o'clock Mr and Mrs Darby departed on a short wedding trip before going to their new home at Kingston. They received many presents showing the love and esteem of relatives.
