Bert Gates, a native son of this upper country, had been sickly during the past half dozen years due to lead poisoning while working in the Wardner mines. About a month ago he went to an I O O F sanitarium in California, but was too far gone to receive benefit. He was buried in the Gates cemetery Tuesday, the Odd Fellows conducting the burial service. An immense crowd was at the funeral. Bert was and had been school clerk the past few years. His father who was the original proprietor of the townsite of Gates is now in Arizona for his health. Bert's nephew a Mr Collins is not expected to live, due to the fact that he is afflicted with the same disease after working in the same mines. Grant Monroe died from the same two years ago.

A couple of gentlemen from California were hunting here recently for a tract of land on which they took a mortgage several years ago. They found it sky high on top of Potato Mountain. They had never seen the land before. The man that borrowed the money was a glib and persuasive talker.

John Gill was an honest man and a good citizen.

J R GEDDES.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
