AND DON'T MAKE YOUR ONLY STOP IN PORTLAND

RETAILERS MUST WAKE UP

The wife of a Michigan small town hardware dealer answered the door bell and found a peddler on her front porch, says an exchange. He was selling the greatest potato parer ever invented and he gave a demonstration that convinced her at once and she handed over the quarter.

When her husband came home she showed him her bargain and told him what she paid for it. Imagine her consternation when he said:

"I have a gross of those down at the store and I sell them for ten cents each -- when I find a purchaser."

The woman always has the last word and her's was to the point: "Then for goodness sake why don't you let people know what you have for sale?"

That is just what the small retailers will have to do. They must let people know what they have for sale, or see the big mail order houses get the cash business, while they extend credit.

JULY FOURTH

If before every Fourth of July all cities and towns were given a thorough cleaning of rubbish, and all use of explosives then restricted as to time and place, the public wardens might have at least a fighting chance to minimize the disastrous results to life, limb and property which have been so prevalent in years gone by.

It stands as a matter of history to the everlasting disgrace of this country that in the ten years from 1903 to 1912 inclusive a total of over 39,000 people, the equivalent of nearly forty regiments, were killed or injured in the celebrations of the Fourth of July.

The nation has, however, got down to a more rational way of celebrating the past few years, and it is to be hoped that this will prove the banner year for a safe and sane Fourth.

Now that the new Hill steamship line is in operation between the mouth of the Columbia and San Francisco, and after the Hill people have spent upwards of \$5,000,000 on this new industry, the Interstate Commerce Commission takes an expensive trip to Portland to see if it cannot in some way prove that the Hill system put these boats on contrary to law. This kind of an overhauling naturally makes private investors want to go right ahead and spend money? The Hill people should have been given a vote of thanks for establishing this line of steamers and the government should encourage and not discourage them.

HOGWALLOW NEWS

DUNK BOTTS, Regular Correspondent
(Copyrighted, 1915, George Bligham)

An all day singing with dinner on the ground was given at Dog Hill church Sunday. Raz Barlow who was present conducted himself well with the exception of stepping on the table cloth a few times while reaching for pie.

The Hog Ford moonshine still is now having to run also in the daytime to supply orders for a proper observance of the Fourth of July.

The Methodists are preparing to give a picnic at Hog Ford next week. Everybody in that section is expected to be present except the Potlocks family. They are Baptists.

Tobe Mesely has been sitting around and saying nothing for so long it is thought by some that his wife is enforcing a strict censorship.

Cricket Hicks who has been reading in a farm magazine about germs in drinking water, now always looks into the cistern before taking a drink of water.

During the hard times and while the water is up Atlas Peck has been using his h-g trough for a skiff.

Columbus Allsop has put up a marten box for his English sparrows. He says these birds have to be looked after now-a-days, as they have gotten so they can't fight either—even when they have a lot of other different kinds of birds helping them.

There is talk of having another street in Tickville. If this is done the visitors won't have to walk back down the same street.

Yam Sims while out riding on his mule a few evenings ago ran into the ditch just this side of the postoffice. These ditches should all be moved back from the road for the protection of travelers.

The Mail Carrier ran over Jefferson Potlocks foot when he came in with the mail and drew up at the postoffice porch Monday. No serious injury resulted as the mail was very light on that trip.

The dry goods store at Tickville is putting on another grand closing out to quit business sale. These sales are proving quite popular and the proprietor has decided to put them on regularly.

Sim Flinders thinks protracted meetings should be held oftener both for the benefit of the sinners and the preacher.

Personals

Mr Bernhard Dernberg after an unpleasant sojourn in Washington has returned home.

Several strange faces are seen on the streets of San Francisco this summer.

Wm Bryan and interesting family who have been sojourning at Washington have moved. In a short time they will depart for home, declaring there is no place like it.

GOOD SUGGESTION TO SCIO PEOPLE

It is surprising the amount of old, foul matter the simple mixture of buckthorn bark, glycerine, etc, known as Adler-i-ka, drains from the system. This remedy became famous by curing appendicitis and acts on BOTH the upper and lower bowel so thoroughly that ONE DOSE relieves sour stomach, gas on the stomach and constipation almost IMMEDIATELY. We are mighty glad we are Scio agents for Adler-i-ka. E C Feery, druggist.

Travelling Man's Experience

"In the summer of 1888 I had a very severe attack of cholera morbus. Two physicians worked over me from 4 a m to 6 p m without giving me any relief and then told me they did not expect me to live, that I had best telegraph for my family. Instead of doing so I gave the hotel porter 50c and told him to buy me a bottle of Chamberlain's colic, cholera and diarrhoea remedy, and take no substitute. I took a double dose according to the directions and went to sleep after the second dose. At 5 o'clock the next morning I was called by my order and took a train for my next stopping point, a well man but feeling rater shaky from the severity of the attack," writes H W Ireland, Louisville, Ky. Obtainable everywhere.

Diarrhoea Quickly Cured

About two years ago I had a severe attack of diarrhoea which lasted for over a week," writes W C Jones, Buford, N D. "I became so weak I could not stand upright. A druggist recommended Chamberlain's colic, cholera and diarrhoea remedy. The first dose relieved me and within two day I was as well as ever." Obtainable everywhere.
