**School Meeting**

The directors of School District 95 have issued a call for a meeting of the patrons of the district for Saturday, September 18, for the purpose of discussing the matter of installing a septic tank and toilets at the school building. The directors were authorized to have this work done at the regular meeting in June, at a cost not to exceed \$250. They have advertised for bids twice and find that the lowest bid is way beyond this figure. These bids include the cost of installing fire protection apparatus. This meeting will be held for the purpose of finding out whether the patrons are willing to foot the bill, or leave conditions as they are.
