An item in the Gazette-Times says the receipts at the Corvallis postoffice for the quarter ending September 30, were \$125.40 less than for the same quarter last year. In this same period the Scio postoffice receipts were \$36 more than last year—a healthy gain for a small place.

Owing to circumstances over which we had no control the News is issued a day late this week. First our better half was taken sick, leaving the office short-handed, so a part of the copy for this issue was sent to a linotyper at Albany, and the type failed to arrive Thursday morning as promised, coming Friday morning instead.

YOUR SUBSCRIPTION EXPIRES on the date stamped in the space below. To those who pay promptly in advance the subscription price is \$1.25 per year. The price is \$1.50 if paid at end of year. The paper is not sent to subscribers who are more than one year in arrears.

## UPPER SANTIAM EVENTS

Down south cotton is king; up here clover seed is king. Mr Bassett threshed the seed from 30 acres, Hutchins 23 acres, Barnes 15 acres and several others more or less acreage.

Mr Barnes was thrown from his horse recently and badly hurt about the shoulders.

A cannery is needed in these parts. Two men from Elkhorn drove into Mr Hesseman's orchard and loaded up with pears. One man gave him a dollar and the other said thank you.

Miss Eump has been re-employed in the Mill City schools.

Prof Murphy and wife (Stella Turnidge) have gone to Riddles to live. He has been appointed school supervisor for the southern half of Douglas county. He is a man bright in speech and hearing, yet both his father and mother are deaf and dumb.

Mr and Mrs Flatman and Mr and Mrs Tresh have separated within the last few days. Mr F has gone to Astoria and Mrs T to Stayton. There seems to be no apparent reason for the action. Both couples have reared families and some of them are married. No affinity business this time, they just simply quit. There are some happenings on this mundane sphere that an old schoolteacher can't "unnerstand." Mr F trotted around in the Jordan country when a boy.

The Hammond Co. have moved several houses on the Linn county side to make way for their big lumber yard.

This community is much concerned about the fate of Dr Ransom. He went on a hunting trip to Idaho and Wyoming. The Odd Fellows of Mill City have been telegraphing and seem to have the most authentic information. It appears that he killed an elk and the guide left the doctor with the animal while he went to camp after horses. When he returned Ransom was not there and has not been located since. They found his coat and kodak hanging on a limb about 300 yards beyond the carcass of the elk. There are several theories in regard to his disappearance. It is not a great distance from that famous Hole-in-the-wall country, a retreat for robbers, cut throats and murderers. They may have kidnapped him for his money or with the intention to demand a sum for his release. He had about \$600. with him when he left. Some think he is lost and coming down some stream on his way out. Why he should have left the elk is puzzling unless he saw a bear and chased it. His father, two brothers and Mrs Ransom went there to try to

## Chronic Constipation

"About two years ago when I began using Chamberlains tablets I had been suffering for some time with chronic constipation. My condition improved rapidly through the use of these tablets. Since taking four or five bottles of them my health has been fine," writes Mrs John Newton, Irving, N Y. Obtainable everywhere.

solve the mystery. We are mourning for Mrs Ransom and the children. He was well liked by everybody. Mrs R seems to have more than her share of trouble. Her first husband was shot to death on the road from Turner to Salem, either accidentally or by a stray bullet from a hunter's gun.
