Oregon slid into the dry column last Saturday, and the new order seems to be accepted gracefully by the majority. Everybody, even the saloon men agree that the licensed saloon has passed forever in this state. However, as time passes, the present law may be changed.

Mr Hazelwood, the miller at the Scio Flour Mill, brought the News family a sample of his flour the last of the week. This flour was taken from the current day's run, and was just the same as any sample would have been. The mill is certainly turning out a first class product, as we are willing to put up the bread which our better half made with this flour against any made from either soft or hard wheat flour anywhere. The Scio Milling Company is an institution of which we are all proud, and the Company is to be congratulated on securing Mr Hazelwood as miller.

The year 1915 with its opportunities and privileges is gone, never to return. Have we all followed the golden rule during the year past? If not, why not. Have we spoken the kind word and greeted each other with the handshake of love? If in making change one pays us too much, do we correct the error the same as we would if he did not give us enough? If our merchant overpays us for our produce do we correct his mistake as cheerfully as we would if the error was in his favor? In other words, "Therefore, all things whatsoever ye would that men should do to you, do ye even so to them." Let us follow this rule for the year 1916 and see how it works.
