Hon S M Garland of Lebanon gave a talk Monday morning to the students and patrons of the Scio schools that was well received. Senator Garland always has something to say worth listening to when he speaks.

Be sure and bear in mind the date of the big booster meeting for the Linn County Fair which will be held here on Saturday, February 19. Plan your affairs now so you can spend that day in Scio.

Drs Prill and Dale put J N Weddle's broken leg in a plaster cast Wednesday which enables him to sit up, a great relief to him after lying on his back for two months. The injured member has not knit together as fast as was hoped for although there is no doubt of its doing so in time.

Rev H B Iler and family are now located here. As the parsonage is occupied at present, they have rooms temporarily at the Scio Hotel. Rev Iler is a pleasant appearing gentleman and the News predicts that he and his wife will prove valuable additions to Scio.

Dr Dale came over from Harrisburg and assisted Dr Prill in an operation on Luther White, the young man who had his leg badly crushed by a falling tree two weeks ago. They fastened the bones of the leg together with a silver plate, a very difficult operation. The young man is getting along at present as well as could be expected, but the ultimate outcome of the operation cannot be foretold at this time.

Some Weather!

The snow which covered the ground through most of the month of January has disappeared around Scio, being dissipated the past three days by heavy rains. As it is still snowing back in the foot hills, high water is not anticipated here unless it should turn warm suddenly.

P. S.—We get thoroughly discouraged trying to keep the weather doped out up to date. Since writing the above it snowed several inches Wednesday night and is still at it this morning. Yesterday was groundhog day and it is a safe bet that the old boy didn't see his shadow so those who believe in the ancient superstition are at liberty to think that gentle spring has come. However, we have a different name for it as we rest from our labors of shoveling snow and stuffing great arm loads of wood into the stove.

Masquerade Ball
