CREAM SEPARATOR

"Is Always on the Job"

It's at the two extremes in weather when a cheap or old style separator will get on a fellow's "nerves", if anything will. Below zero or above ninety will "spoil the health" of any Cream Separator that I know anything about—except the United States Cream Separator!

FORTIFIED AGAINST EXTREMES OF TEMPERATURE

When it is Winter

When you are using a U. S. Cream Separator you don't have to heat a kettle of water to start the skimming. It works cold.

When the oil in other separators has clogged or frozen up, the U. S. Separator, with no kinks, bends, or goose necks, in its oil tube,—is running smoothly and silently, perfectly lubricated.

When every liquid is freezing solid, you don't have to worry about the bowl of the U. S. Separator being damaged by neglect. It empties itself automatically—always!

When the gas engine "dies" if you are using power, the U. S. has a hand crank on the other side, and you can "go to it!"

When it is Summer

When the cream is skimmed by a U. S. Separator, it keeps longer, for its the first and only separator remarkably fortified in sanitary ways from top to bottom. Bacteria are "up against it" like flies in January.

When other separators get "vile" the U. S. is sweet and clean, with no milk drip on the frame, or in the gear case, or in the iron bowl chamber. The removable sanitary liner prevents.

When ordinary separators are turning the new batch sour, with bowl left full from the previous run, the U. S. is starting fresh and dry, the bowl having drained itself without attention.

When washing-up time comes, there are fewer parts to clean. With the mechanical washer U. S. users are through in one-third the time. Time in summer is especially valuable.

Every Season is "Open Season" for the U. S.

Do you wonder now that I will never rest easy until all my dairy friends have the U. S.? I am selling satisfaction and will not try to build up business on any other basis.

Has Used Chamberlain's Cough Remedy for 20 Years

"Chamberlain's cough remedy has been used in my household for the past 20 years. I began giving it to my children when they were small. As a quick relief for croup, whooping cough and ordinary colds, it has no equal. Being free from opium and other harmful drugs, I never felt afraid to give it to the children. I have recommended it to a large number of friends and neighbors who have used it and speak highly of it," writes Mrs. Mary Minke, Shortsville, N. Y. Obtainable everywhere.

thing would happen to Queen o' Shela. And something did. Don't it smell good? My, but I'm hungry!"

"But why—why didn't you say you was willing to get rid of her instead of—"

Susan caught a gleam of embarrassment in Mr. Wilton's affectionate gaze, and there dawned upon her the realization that man is a superior being and his motives must not be too closely questioned by the woman who is privileged to love him, so her sentence ended in a smile of loving sympathy as their lips met.

Didn't Care.

A young lawyer who was rather given to browbeating had a favorite mode of mystifying a witness by saying, "Well, sir, I shall ask you only one question and I do not care which way you answer it."

A man who was on the same circuit accosted his friend one morning thus: "Well, James, I have but one question to ask you and I do not care what way you answer it. How do you do today?"

Bird Superstitions.

In many parts of England there are curious superstitions about birds. The stonechat, for instance, is believed to be continually chatting with the evil one, so it is held in bad repute, and as the raven commonly impersonates his sable majesty it is ranked in the same category of evil birds. Sometimes, however, the raven's appearance, it is held, forebodes a death.

Tomboy.

Verstegan gives the following origin of the word "tomboy" as applied to romping girls: "Tumbe, to dance; tumbed, danced; hereof we yet call a wench that skipeth or leapeth like a boy, a tomboy; our name also of tumbling cometh from hence."

Where He Was Weak.

"You say, Mr. Smith," said the girl in a low, thoughtful, this is a serious matter sort of tone, "that you have loved me for five years and have never dared to tell me so until tonight?"

"Yes," he replied.

"Well, I cannot be your wife. A man who has no more courage than that would feign to be asleep while a burglar stole his baby's shoes."—Chicago Herald.

Giving Him Warning.

"If you come home early this afternoon please go around the house and enter by the back door," said Mrs. Dodswoorth.

"What's on foot?" asked Mr. Dodswoorth.

"Nothing's 'on foot,' thank heaven! I will entertain the Browning club this afternoon and I don't want any object so intensely material as you are to profane the soulful atmosphere we shall have created by several hours of study and recitation."—Birmingham Age-Herald.

How Mr. Davis Got Rid of a Bad Cough

"Some time ago I had a very bad cough," writes T. Davis, Blackwater, Del. "My brother McCabe Davis gave me a small bottle of Chamberlain's cough remedy. After taking this I bought half a dozen bottles of it but only used one of them as the cough left me and I have not been troubled since." Obtainable everywhere.
