Boost for good roads!

Now let's prepare for preparedness.

Talk for Scio and we'll talk for you.

Down with war or anything else that interferes with baseball.

If silence is golden our political speeches must be made of brass.

Henry Ford considers that his peace mission has been a success. Don't laugh!

The mind of a woman appears to trouble everybody but the woman herself.

About the only rational method of complimenting a lazy man is to forget to compliment him.

A few people know of the wise man's wisdom, but everybody knows of the fool's foolishness.

To get rich quick you have only to annex all the money in sight and see that it stays annexed.

The president slid into Chicago, slid out again, and was not held up even once by the "boy bandits."

Mr Brandeis is welcome to that seat on the supreme court. We have our hands full editing this rag.

"Swallowing his pride" is a painless performance with some people. Don't even scratch the sides going down.

When you feel like kicking the cat just kick yourself instead. The cat will be satisfied and you don't count.

Under stress of strong emotion a woman can smile, laugh and cry all in the same breath. A man cusses and grunts

But possibly we are at peace with the world because the rest of the fellows are too busy to take a whack at us.

Some men inherit power, others acquire it and upon some it is conferred. But mighty few are ever able to hang on to it.

DANDY HANDY

UNITED STATES

CREAM SEPARATOR

HAVING the handy things—and the things handy will put a cheerful grin into what would otherwise be a gloomy grind.
DID you ever stop to think that taking a few less steps each day means saving many weary miles in life's long way.
THERE are about "forty-seven" cream separators, according to "vital" statistics; but in my opinion, there's only one cream separator that is built with the express purpose of saving space, time, energy, steps and temper.

THE U. S. IS A CONVENIENT MACHINE

United States Cream Separators can be driven from either side. That's **HANDY** because it allows the machine to be set in any corner of the room.

United States Cream Separators take up little floor space, and the bases are all open. That makes them **HANDY** to clean under.

United States Cream Separators do not have to be started with hot water. You don't have to be told how **HANDY** that feature is.

United States Cream Separators have just a few parts in the skimming bowls, and these are cleansed, sterilized and dried in a Mechanical Washer. That certainly is **HANDY** when you consider the two-score-and-more parts which must be hand washed in the disc type of separators.

United States Cream Separators have self-draining bowls—and these are **HANDY**, for they save slopping and dropping, and strains on tired arms.

United States Cream Separators, with square supply cans, make it possible to place all parts to be washed in the square can, the whole being easy to carry under one arm, leaving the other free to carry the cream. That is so very **HANDY** that it saves two entire round trips between dairy and wash sink every day.

United States Cream Separators being always in gear, start instantly from any point, with no jerk or jump, and without any preliminary hand oiling. The oil feeds perfectly—even in the coldest weather, and that's **HANDY** too!

You Will Notice Many Other HANDY Points When Using the U. S. Separator.

IT WOULD BE HANDY FOR ME to leave a United States Cream Separator at your place next week. Let me know how much milk you want to skim each day and I'll figure out the size you need. Business is rushing! Don't put off ordering any longer.

other fellow off for twenty years or so perhaps by that time the boy scouts can solve the problem.

It is quite true that it takes money to make money and it also takes a wise man to get the money to make money with. Massage your bump of wisdom.

You can't get ahead of the small boy. One told us the other day that old men are like angle worms because the "chickens" get them both. And we couldn't do a thing but gulp.

Here's another kick. President Wilson took a swing around the circle and every newspaper in the land whooped it up. We swing the circle every day and not even a jaybird chirps.

Some newspapers are making a feature of publishing the news of the war "a year ago today." But the public is so blamed busy reading of the war today that it has no time to waste even on that of yesterday.

It takes a deal of talking and speechifying to produce the wherewithal for a battle ship, but the moment a new spring hat appears it is snapped up regardless of cost and the old man pays the bill with a check and a snort.

Of course you are thoroughly posted on every angle of the European war. But who is the federal secretary of state? Who is chief jus-

the supreme court? Who are the majority and minority leaders in congress? Who is secretary of agriculture? How many states are there in the Union? What was the last one to be admitted to statehood? Know your own country first.
