

BILYEU DEN ITEMS

Mrs Clyde Rodgers visited at the home of her sister Laura Tuesday.

Otto Cole visited his brother Curtis near Kingston Sunday.

Mr and Mrs S B Cole were visitors at the home of Mike Bilyeu Wednesday.

Bill Worth made a flying trip to West Scio Friday and W H Grimes and son Willard accompanied him as far as Scio.

J D Grimes is dodging out between showers burning up old logs. He says he is getting tired of seeing them lay around and taking up the ground that he wants to put into kale.

John Calavan made a business trip to Scio Saturday.

C C Burmester's sick horse gets around like a colt with head and tail in the air.

Otto Weidman has decided that Sank Hannah was a good enough cook for him, so he is making his home with him this winter and helping Sank cut brush.

J D Grimes took Willard Grimes to Scio Sunday for medical treatment.

There was a big dance at the Hall Saturday night and everyone reports a good time.

Mr and Mrs Wortman and Mrs Clyde Rodgers were out sight-seeing on Mt Prospect recently. Just ask them where they took dinner.

Mrs C C Burmester was a Sunday visitor at the Warren Burton home.

Little Charlie Burton remains about the same, has a little temperature every day.

Everyone ought to be feeling better since "old webfoot" has returned. These warm sunny days make one feel like getting out into the garden.

A P Ruiter and Clyde Rodgers visited with Sank Hannah Sunday.

Robert Pepperling and family were Sunday visitors at the home of S B Cole.

Mr and Mrs Jake Weidman were Sunday visitors at their daughter's, Anna Burton.

Otto and Edwin Weidman went to Salem Saturday to visit the Jim Taylor family.

The farmers are putting in all their spare time plowing and getting ready for seeding time. It seems like spring time had come for good to hear the birds sing their joyful songs.

How many of us have tried the installment plan of getting out of debt? Just try it. It is better to pay by dribs than not at all for it will prove to the doctors, merchants and even the patient editors that we are making an effort to get even with the world. The better way is not to go in debt, but it seems almost necessary at times. One good plan to avoid debt is to keep a book account of every cent that is paid out and received, then at the end of every month look it over and see what has been bought that one could have done without and been just as well off.

Any one troubled with slow digestion should never eat fruit and vegetables at the same meal, and never eat between meals. The latter is bad for anyone. All should study to know the right food combinations, then stomach trouble would be a thing of the past.

PLUG CHEWING A WHOLESOME HABIT

In No Other Way Can You Get All the
Richness and Flavor of the Leaf

"SPEAR HEAD" BEST CHEW

Many prominent physicians declare chewing to be the most wholesome way of enjoying tobacco.

"I began chewing some years ago," said one, "and I soon found that it is the only way to get the benefit of all the rich juices stored up by nature in the tobacco leaf. I refer, of course, to the plug form of tobacco, which is the most natural and the cleanest form."

"Chewing good tobacco like Spear Head makes the salivary glands more active, which in turn has a beneficial effect on the whole system. Add to this the sweet, mellow, delicious flavor of a chew of Spear Head, and you have the highest possible degree of tobacco satisfaction."

"I mention Spear Head because I have found that this brand is exceptionally pure, being made in a factory that's run strictly according to pure-food rules."

Spear Head is made of sun-ripened Burley, which is acknowledged to be the richest, mildest, finest flavored tobacco leaf in the world. And it is produced by the latest processes, which develop the quality and luscious flavor of the choice Burley to the supreme degree.

A chew of Spear Head has a wholesome relish that is not found in any other chewing tobacco. In 10c cuts, wrapped in wax paper.

Portugal's Decline.

Portugal has not always been the small affair that it is today. The little country once meant a great deal more than it does at present. To Portugal belongs the honor of having been the leader in fifteenth century exploration and discovery. Her great prince, known as "Henry the Navigator," may well be called the father of deep-sea navigation. It was owing to his zeal that the voyages began which were to end in the circumnavigation of Africa and the finding of the way to India. Until well into the sixteenth century Portugal was rich in colonial possessions and was not without great weight in the diplomacy of Europe, but by the close of the century her decline began.

Siam.

The kingdom of Siam covers an area of about 200,000 square miles, and the last census gave a total population of 8,149,487. The highest temperature of about 106 degrees F in the shade at Bangkok is usually reached in April and May and the lowest of about 52 degrees in December and January, the latter two months being the most suitable for tourists and commercial travelers to visit northern Siam. The spoken and written language is Siamese, but for commercial purposes the English language is in general use.

Didn't Awe Him.

The members of a Greek letter fraternity from a southern university were being shown through the library of congress. They were apparently stricken dumb with admiration of the beauties of the building. But the atmosphere of awe was dissipated when one of the party, a red-headed youth, exclaimed fervently:

"Gee, fellows, wouldn't this make a dandy frat house?"—St. Louis Republic.

Sunset 10 months and Santiam News one year for \$1.50.

MARKET REPORT

The following are cash prices quoted on Thursday of each week by our dealers:

Ducks, Indian Runner.....	8
Pork, dressed.....	8
Pork, live weight.....	7
Veal, per pound, for shipping.....	10

Farmers Take Notice

Farm machinery has been the last to take a raise in price. All farm machinery has advanced ten percent. We have quite a stock on hand which we will dispose of at the old prices as long as it lasts. My advice to you is if you are going to need anything in the near future is to buy now while my stock lasts, for it is going fast. We will positively have to raise at least ten per cent on all future purchases. Yours truly,

N. I. MORRISON.

Don't fail to hear the Willamette University Quartet Feb. 24, at the School Auditorium.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running ear, which is often discharging, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; since none out of ten are cured by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

J. C. CHENEY & CO., Toledo, Ohio.

Sold by Druggists. Take Hall's Family Pills for constipation.

How Mr. Davis Got Rid of a Bad Cough

"Some time ago I had a very bad cough," writes T. Davis, Blackwater, Del. "My brother McCabe Davis gave me a small bottle of Chamberlain's cough remedy. After taking this I bought half a dozen bottles of it but only used one of them as the cough left me and I have not been troubled since." Obtainable everywhere.

Bad Cold Quickly Broken up

Mrs Martha Wilcox, Gowanda, N. Y., writes: "I first used Chamberlain's Cough Remedy about eight years ago. At that time I had a hard cold and coughed most of the time. It proved to be just what I needed. It broke up the cold in a few days, and the cough entirely disappeared. I have told many of my friends of the good I received through using this medicine and all who have used it speak of it in the highest terms." Obtainable everywhere.

Old papers 5 cents a bundle at the News office.
