DEFICIT NO REASON FOR INCREASED LIGHT RATE

The Light and Water Committee state that in consequence of deficit in the revenues of the plant for 1915, it is necessary to increase the rates of electric lights to meet said deficit, when as a matter of fact there is no deficit. On the contrary there was a surplus of about \$10. after meeting all expenses and providing for the emergency expense of fixing a broken gear, and the expense of operating by steam power during wet and dry weather. The committee no doubt has overlooked this fact in procuring a reason for the increase of rates of the electric lights, and if this is the only reason for the increased rate it is based upon fallacy. Without accident the plant ought to produce a net return of about \$300. for 1916, without the increased rate of 25c additional for minimum basis under similar conditions of handling in 1915.

How Mr. Davis Got Rid of a Bad Cough

"Some time ago I had a very bad cough," writes T. Davis, Blackwater, Del. "My brother McCabe Davis gave me a small bottle of Chamberlain's cough remedy. After taking this I bought half a dozen bottles of it but only used one of them as the cough left me and I have not been troubled since." Obtainable everywhere.

Has Used Chamberlain's Cough Remedy for 20 Years

"Chamberlain's cough remedy has been used in my household for the past 20 years. I began giving it to my children when they were small. As a quick relief for croup, whooping cough and ordinary colds, it has no equal. Being free from opium and other harmful drugs, I never felt afraid to give it to the children. I have recommended it to a large number of friends and neighbors who have used it and speak highly of it," writes Mrs. Mary Minke, Shortsville, N. Y. Obtainable everywhere.

Look over our list of clubbing offers on page 2, and if you don't see what you want come in and talk it over. We have many others just as good.
