

SANTIAM FARM TOPICS

The Scio Condensery has again resumed operation which is highly appreciated by the farmers and hope it may continue and give satisfaction and pay on all sides. We have a new milk hauler, Billy Montgomery, who will no doubt do his part.

Sam Stewart, who has been confined to his bed for some time, is now improving nicely.

Mr and Mrs Geo Wiltfong of Oxnard, Cal. are still with us having the time of their lives visiting with relatives and friends. They make their home while here with Uncle George Bilyeu's.

Ed Kalina is greatly improving his new home and will soon have a new cook.

The Farmers Union is moving along nicely, head and tail up, ordering goods by the ton and paying their bills as they go, so there is no one to growl. We improve every meeting, with 200 gal. coal oil every meeting at Union prices, land-plaster and salt cheap and with plenty of wholesale firms soliciting our trade we can take our choice and buy of those who want our money the worst.

G L Sutherland and wife spent Tuesday night with the Pie Eater and wife. Reminds us of old times when people used to visit and be sociable; Now days it is every fellow for himself.

The equinoctial storm was quite bitter and cold with the mountains again covered with snow.

Clinton Traxler has changed the looks of his place wonderfully the last few months by removing about ten acres of stumps and brush.

Nearly everyone is too busy to talk; better that way than complaining about the weather, etc.

The basket dinner at the Shelburn Presbyterian church last Sunday was a success. Rev Blair preached his farewell sermon in the afternoon. Two were baptized at the morning service and the Sunday School was reorganized. Rev MacGee is the new minister.

For County School Superintendent

Ida Maxwell Cummings announces her candidacy for County School Superintendent.

She was nominated for that office several years ago but was compelled to withdraw her name from the ballot as she was a woman, and the women of Oregon could not vote.

Mrs Cummings is a self-supporting, energetic business woman, thoroughly qualified for the position.

She attended the Albany College, O. A. C., graduated at the Oregon State Normal and the Oread Institute, a school of domestic science, Worcester, Mass, having secured the scholarship of Oregon for that school.

She has taught in the public schools of this state for a number of years, also in the Industrial School of Seattle, Wash.

She knows the needs of the public school from the primary grade to the college and understands child nature perfectly.

It is not more money, physical and chemical library books, etc. that are needed to standardize the schools, but systematic, simplified, well arranged textbooks and thoroughly qualified conscientious teachers to standardize the students.

Mrs Cummings has had experience in the work of the county school superintendent's office.

She is a good organizer and if elected will devote her whole time and energy to the betterment of the public schools. (Paid Adv.)

A Polite Suggestion.

There was not even standing room in the crowded car, for it was at the rush hour, but one more passenger, a young woman, wedged her way along just inside the doorway.

Each time the car made a sudden lurch forward she fell helplessly back, and three times she landed in the arms of a large, comfortable man on the back platform. The third time it happened he said quietly:

"Excuse me, miss, but hadn't you better stay here?"—Harper's Magazine.

A Prayer.

Give us courage and gaiety and a quiet mind. Spare to us our friends, soften us to our enemies. Bless us, if it may be, in all our innocent endeavors. If it may not, give us the strength to encounter that which is to come, that we may be brave in peril, constant in tribulation, temperate in wrath and in all changes of fortune and down to the gates of death, loyal and loving one another.—R. L. Stevenson.

Puzzled.

Elizabeth was studying in her history about the discovery of the Pacific ocean by Balboa.

"Well," said she, looking up from her history, "what I don't understand about this discovery business is how Balboa knew it was the Pacific ocean when he had never seen it before."—Harper's Magazine.

Her Position Assured.

"Her social position is fully assured, isn't it?"

"Dear me, yes! She told me the other day confidentially that she had now got to the point where she could snub her best friends without injury."—Judge.

W. M. FEDERMANN

"I have always believed," he said, "that a druggist's first duty is to the health of his customers. I tell my people frankly that a safe, gentle, inexpensive laxative such as Hexal Orderlies, kept in the home, will pay the biggest dividends of any investment ever made. I recommend it as the best family laxative, because it is put up in tasty candy tablet form that appeals to men, women and children alike, and is as delightful and pleasing to take as it is healthful."

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
