Elsewhere in this issue, a news item states that a new drugstore is in prospect for Scio. It is to be expected that the people will be divided in opinion as to the feasibility of this step, as they are upon many other subjects. Personally, the writer believes that Mr Everett will make no mistake if he decides to cast his lot with us. Many people here do not realize how rapidly the town is growing, unless they stop and look back two or three years and think how many new business houses have been added to Scio in that time. A number were rather skeptical when a second newspaper was launched here but two or three business men who had the foresight to see that Scio would not always be a one-man town, urged Mr Dugger to make the venture, and as a result, the Tribune will soon round out its second year here. Recently, a second meat market has been opened and reports a good business from the start. A few days ago a young attorney was here looking for a house to rent, with a view to establishing a law office at this place. We will welcome him, as the city needs a lawyer. The town has passed the village stage, and the News predicts that should Mr Everett decide to open a drugstore in

Scio, he will not regret the move.

W E Chrisman, republican candidate for commissioner from this end of the county was in Scio Monday and in conversation with the writer, expressed himself as being pleased with the outlook for the nomination. Mr Chrisman is a substantial farmer, living near here, who has made a success of his own business and is not seeking the office as a means of making a livelihood. He only consented to make the race at urgent solicitation of a number of his friends. The writer has heard of several who registered as republicans this year solely to vote for Mr Chrisman, who affiliated with the democrats in former years. He will undoubtedly carry this end of the county solid at the primaries, and the people of this vicinity hope to see him the party's choice May 19.

R M Russell, republican candidate for county clerk, is considered something of a home boy by Scio people regardless of party affiliations. He has made good in the office and should be returned for another term.

Most Richly-Flavored Chew  
That Was Ever Pressed  
Into Plugs

### FAVORITE FOR A GENERATION

Red-blooded men with real tobacco hunger find that they can satisfy it only by chewing, and the most wholesome and satisfying tobacco to chew is that made in plug form.

The kind of luxury in tobacco chewing is the rich, sweet, juicy flavor that trickles through your system when you chew Spear Head.

No other chewing tobacco is so mellow, so luscious and so satisfying. No other equals Spear Head for putting a keen edge on your appetite.

Spear Head is made of the world's best tobacco leaf—the choicest of Kentucky Daries. This leaf is selected for its full, juicy richness with the most palatable extra, is stemmed by hand, is pressed into Spear Head plugs so closely that not a drop of the rich, natural juice escapes.

Your first chew of Spear Head will open your eyes to the genuine enjoyment there is in chewing.

Chew the rich and mellow tobacco that has been the favorite for a third of a century—Spear Head. In 10¢ cuts, wrapped in wax paper.
