The March King's stately name is known wherever music holds its own, wherever drums and cymbals throb, and orchestras hold down their job.

A Sousa march—just mention that, and mark how people smile thereat; they know what Sousa's music is; it's melody without the fizz; it's full of energy and pep, and makes old graybeards dance a step; they hear the sound of marching men, of chargers trotting down the glen, the shock of battle and the roar, and billows beating on the shores. And Sousa, when he would compose that music which the whole world knows, fills up his pipe with good old "Tux" (name t'other brands, and he says, "Shucks!"). Tuxedo is the smoke of men who do big things with lyre or pen, who make the old world's wheels go round, whose names will down the ages sound.

JOHN PHILIP SOUSA
And His Band, Says
"All the vim, energy and enthusiasm we put into the playing of 'The Stars and Stripes Forever' we find in the steady use of Tuxedo."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative power that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
