

LARWOOD GLEANINGS

Miss Lola Westenhouse closed her fourth term of school in Bergen Hollow, Friday, April 7. The closing exercises were given Saturday night with a very interesting program and pie social. The recitations were entertaining. Especially fine was the music rendered throughout the evening by Messrs Robins and Bartu, also the song Candlelight, sung and acted by Mable Davenport and Lillian Viars. They were heartily encored. Sid Stringer was at his best and brought down the house with a few selections. The pies sold for a good price and a social time was enjoyed by all.

Luther White, while slowly improving, had to return to the hospital last week for treatment.

The funeral of Mrs Mylo Bartu was attended by a large number of friends from this vicinity.

After a short visit with her parents, Daisy Apple returned to Scio last week.

Perry Pitchford and wife were Sunday visitors at the Rooker home.

Lacomb and Thomas creek were well represented at our school entertainment.

Told That There Was No Cure for Him

"After suffering for over 20 years with indigestion and having some of the best doctors here tell me there was no cure for me, I think it only right to tell you for the sake of other sufferers as well as your own satisfaction that a 25c bottle of Chamberlain's tablets not only relieved me but cured me within two months although I am a man of 65 years," writes Jul. Grobien, Houston, Texas. Obtainable everywhere.

**C. M. KENDALL
Republican Candidate
for Sheriff**

I am a candidate for this position because I know the business can handle every department of the work and can SAVE YOU MONEY.

I want you to know the exact financial conditions of the office because it is your business.

I will enforce the law and collect the delinquent taxes so far as it lies within the power of any sheriff.

I shall do my duty at all times regardless of my own convenience or personal safety and shall use neither my official position nor the public funds in any way whatsoever to promote my own personal or political interests. (Paid Adv.)

Pictorial Review and Santiam News, both one year for \$1.75.

We make a specialty of Friendship, Engagement and Wedding rings—F M French & Son, Jewelers and Engravers, Albany.

Bids Wanted

Bids will be received by the undersigned clerk of school Dist. No. 95, up to May 1, 1916 for the following:

Thirty cords of second growth fir wood, 4 feet long; three cords of old fir, 16 inches long; five cords of grub oak, 4 feet long, to be delivered on the school

grounds at Scio by August 1, 1916.

The board reserves the right to reject any or all bids.

J. F. Wesely,
District Clerk

Should Not Feel Discouraged

So many people troubled with indigestion and constipation have been benefited by taking Chamberlain's tablets that no one should feel discouraged who has not given them a trial. They contain no poison or other digestive ferments but strengthen the stomach and enable it to perform its functions naturally. Obtainable everywhere.

SANTIAM FARM TOPICS

M C Gaines has a bad case of the grip.

Geo Sutherland's children have the measles.

Thirty-five thousand feet of lumber for the new cheese factory is now on the ground and three carpenters at work.

The Pie Eater has a fine female dog to give away. Fine for stock, rats and squirrels.

The Pie Eater was down last week for a visit with his daughter near Woodburn, and found her far from well.

The rains hold on equal to a bull dog to the seat of a tramp's pants, so farming goes slow even if it is getting late.

Frank Sommer and wife were over recently visiting the latter's father, Newton Crabtree, who is batching since the death of his wife, on the claim settled by his father in 1846.

Mr and Mrs Ernest Titus were out Saturday and spent the night with her sister, Mrs David Horsburgh, which reminds us of old times when we all visited.

Mr Kukaaka of the Scio Planing Mill who bought the Billy Reed farm at the head of Racoon Hollow, is moving his family to the new home, which we are glad to learn.

Uncle Geo Bityeu and wife gave a social dance Friday night, for the young folks, when they all had a fine time.

Geo Wiltfong and wife left Sunday for their home at Oxnard, Cal, Sunday, after an extended visit here. We all hated to see them go, but the best of friends must part, so we bid them farewell for the last time as old age is creeping upon all of us, and we feel doubtful whether we will ever be permitted to meet again in this world.

Dean Turner went up to the Shindler bridge with his two partners Tuesday to cut 200 cords of white fir wood for the Lebanon paper mill.

The old Pie Eater has never had the measles and is getting a little leary, as they are on all sides.

Clifford Griffin treated himself to a new \$70 buggy Monday, so now he is

ready to take his best gal out for a time.

Mrs S W Gaines has made a deal for a new range, so now the old Pie Eater will surely get his fill of fine pies and cakes and be able to do two days' work in one.

PIE EATER.

Oh! I know the troubles you are having with your "disc" style cream separator. Do you want to rid yourself of those troubles? Then Read!!

Did you ever put your separator together and forget the rubber ring, or find you had in a leaky ring? What happened? Milk all over the separator and on the floor. No such trouble with my separator.

Do you like to sop up with a rag the oil and milk that collect on the "bib" (shelf) of your separator? The separator I am selling needs no "bib" for it never spills oil or milk on itself.

Do you realize what a nuisance it is to empty the bowl every time you use the separator? You surely would, had you ever experienced the wonderful convenience of my self-emptying bowl.

Have you noticed how the dirt sticks around the spacing clips and rusty spots on your discs? The separator I advise has no spacing clips or crevices, and cannot have rusty spots, because made of nickel silver.

I have described to you my Cream Separator and the name of it is the

This wonderful Cream Separator has a score more advantages than I have yet told you, and back of it is not only my personal guarantee to you, but the maker's guarantee to both of us. I want to prove to you these advantages, and a good many others.

N. I. MORRISON, Scio, Ore.

Have you added any new discs in your machine yet? Reduces the capacity, doesn't it?

I will show you a separator that never needs such additional parts. It's right when you get it and it stays right.

Did the baby ever get caught in the wheels of your separator? Couldn't on the separator I recommend, for its all enclosed.

The agent told you that you could wash the skimmer by just "slushing" it around in the water. Now can you?

I cannot either, but in three minutes I can wash, sterilize and dry my device perfectly in a machine made for the purpose and furnished free.

Now did you ever try to set up your separator in a certain place and it wouldn't "fit"?

I can supply you with a separator that will "fit" anywhere for it's a right or left hand machine crank on either side and adaptable to any corner or side.

**Park Mill Company
