While Germany was sinking passenger vessels because they resembled transports, she was careful not to approach dangerously near the real transports that were carrying the Russian soldiers to France.

Another encouraging feature of the situation is that there doesn't seem to be nearly as many American girls as usual marrying counts.

Sometimes it seems to us that if old Job had the least sense of decency he would come back and hand over his medal on patience to Woodrow.

Mexican troops are expected to make a better search for Villa if their attention is not distracted by sight of the United States troops.

One of the residents of Madison, Wis, left that city \$1,000,000 for public improvements. This is another kind of Wisconsin idea, but a good one.

Wonder what's the German for 'It's a long way to Tipperary.'

However, it's nothing for the outlook in Haiti to be dark.

Indiana, the mother of vice-presidents, has an interesting contest for favoritism between Mr Fairbanks and Mr Marshall.

The remarks annually offered about free seeds are calculated to impress on a congressman the ingratitude of human nature.

Announcement of the tariff as the great issue may make some of the sideshows more interesting than the main exhibition.

Somehow Germany's answer suggests the famous reply for Father Adam: "Eve, my wife, is quite a good deal guiltier than I am."

When a man is at the end of his argument, he curses. When a woman is at the end of her argument, she cries.

G. O. P. might possibly break the solid South, but not with a candidate named Sherman.

If ignorance is bliss, a whole lot of us certainly ought to be riotously happy.

Next thing we'll be killing six people a day for asking if it's hot enough for us.

Parting is such sweet sorrow, Count Johann, but we can stand it if you can.

Gist of the German reply seems to be that England is a very wicked country.

We trust Henry's next expedition will arrange for a stopover in Dublin.

Germany's diplomacy has almost reached the "you're another" stage.

What has become of the old time boy who used to roll hoops?

T. R. in short, declines to be either a pussyfooter or a catspaw.

I desire to express my appreciation and gratitude to the people of Marion and Linn Counties for their support at the late primary election. The same kind favor extended to me in the Fall will elect me judge of one of the departments of the Circuit Court over which I promise to preside with that efficiency and economy learned from experience.

Whooping Cough.

One of the most successful preparations in use for this disease is Chamberlain's Cough Remedy. S W McClellon, Blandon Springs, Ala, writes, "Our baby had whooping cough as bad as most any baby could have it. I gave him Chamberlain's Cough Remedy and it soon got him well. Obtainable everywhere."

Active, Clean-Cut Young Men

like Rex Beach and the virile, red-blooded youths he writes about, have a hearty man's appetite for tobacco. These men find Tuxedo supremely satisfying. And they can puff away at their beloved pipes all day and far into the night—so mild, gentle and soothing is Tuxedo.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

Three to five years' ageing in wood mellows the ripe Burley leaf for Tuxedo; then the famous original "Tuxedo Process" takes out all the bite and absolutely prevents tongue-soreness and throat-irritation. The "Tuxedo Process" has plenty of imitators, but none has ever equalled it.

Try Tuxedo—you take no risk. See the guarantee in the top of the tin. If Tuxedo isn't everything it claims to be, the dealer will give you your money back.

—so now there's no need to
sacrifice pride to economy

Now for the first time your sense of pride and strictest economy are fully satisfied in one and the same car. Never before has a stylish, comfortable, completely equipped car been offered at anywhere near so low a price. This Overland costs only \$695. But it is every inch an Overland—a perfect beauty. Though a small, light, economical car, it is roomy, strong and powerful. And it is absolutely complete to the last detail. Of course it is electrically lighted and started; and the electrical control buttons are located on the steering column—right at your finger tips. As for easy riding, this newest Overland is not to be compared with any other car of its size. The buoyant cantilever rear springs, the deep, soft upholstery, and large tires provide real riding comfort. You should have a car this spring—and if you want top class at bottom price, it must be this Overland, for no other car meets both these requirements. The demand for this car is in excess of the factory's capacity. Order yours now, to avoid delay. See me right away.
