

What Do You Know About The Maxwell Car?

THIS is the time of the year when more people are considering the question of "what car to buy" than at any other time of the year.

This community has its full share of people who will soon be driving their first car or a new car to replace the old one.

Now, we know that we are going to sell Maxwell Cars to a great many of these people—depending upon how many we are able to acquaint with the merits of the Maxwell.

The generous value offered in the car is so evident—its past record is so full of good performance—owners speak so well of it—that when the buyer knows these things, he is eager to buy a Maxwell.

In order to tell as many people as possible about the merits of the Maxwell Car we are going to spend a lot of money in the next few weeks in this paper advertising Maxwell merits to those who do not know them.

The reason—we want to sell as many Maxwells as possible this season. Our future allotments will depend upon how many Maxwells we sell now.

You may know that the Maxwell market is a buyer's market, not a seller's market—broadly speaking. The demand for Maxwells the country over is greater than the supply.

For this reason cars are allotted to dealers by the factory according to the size of the dealer's business.

We want to make a showing and be in a position to get a generous allotment of Maxwells hereafter. Because the more Maxwells are sold in any community, the greater is the future demand. We realize the opportunity to do an ever-increasing Maxwell business.

This is only the first of the several messages we are going to print—a few days apart—concerning the Maxwell Car. But we don't expect to be able to adequately present Maxwell merits in printed words alone.

If you are one who is going to buy a new car you will find it decidedly to your advantage to find out all you can about the Maxwell before you place your order.

Come in and talk it over with us and let us demonstrate the car to you. Then, don't take our word alone, but ask those who now own Maxwells.

Get "posted" about the Maxwell and you will realize more satisfaction and get more "value received" for your motor car money than ever before.

And we are just as willing to have you investigate other cars just as fully as you do ours. The Maxwell will not suffer by the comparison.

Bowel Complaints in India

In a lecture in one the Des Moines, Iowa, churches a missionary from India told of going into the interior of India, where he was taken sick, that he had a bottle of Chamberlain's colic, cholera and diarrhoea remedy with him and believed that it saved his life. This remedy is used successfully in India both as a preventive and cure for cholera. You may know from this that it can be depended upon for the milder forms of bowel complaint that occur in this country. Obtainable everywhere.

Pictorial Review and Santiam News, both one year for \$1.75.
