

SANTIAM FARM TOPICS

Summer weather has come at last which makes us all feel happy and gay. The Berry Farm is running on full time.

The Santiam Farm was blessed with a good old fashioned celebration last Sunday, when a large gathering of friends dropped in. One car came from Portland bearing John Swan and wife; three from Butteville, containing Delbert Yergen, wife and two grown sons, Frank Yergen and wife, Fred Yergen, wife and grown son and Mrs Henry Yergen—23 people in all. They arrived at 11 a m, bringing well filled lunch baskets. Others present were, Mrs Eliza Crabtree and son John of Scio, G A and Clifford Griffin, John Smallman of Rainier, and Mrs Smith and daughter. At noon we all joined in for a square meal, consuming besides the lunch, six gallons of strawberries and two gallons of cream. All ate at one long table and filled up to our hearts' content, and had such a time as you seldom read about. Also three extra cars, two from Albany Prairie and one from near Green Bridge, and ten teams arrived on the scene to help swell the merriment. About 4 p m the guests all took their departure for home as happy as a blind dog in a meat house. We are longing for a repetition of the happy experience.

Forethought

People are learning that a little forethought often saves them a big expense. Here is an instance; E W Archer, Caldwell, Ohio, writes: I do not believe that our family has been without Chamberlain's Colic, Cholera and Diarrhoea Remedy since we commenced keeping house years ago. When we go on an extended visit we take it with us. Obtainable everywhere.

A Splendid Concert

The recital given at the Baptist church Wednesday evening by Charles South, violinist, and Miss Claire Oakes, pianiste, was the best which has been heard here since Mr South's last appearance one year ago. Professor South plays with a depth of feeling and technique surpassed by few, if any in the state, while Miss Oakes shows a mastery of the piano which speaks of many years of hard work, and charmed and delighted her audience. The program follows:

- a. Beethoven-Burmester Menuett in G
 - b. Kreisler-Liebesleid (Sorrow of Love)
 - c. Bohm.....Perpetual Motion
 - a. Mozzkowski.....Serenata
 - b. Godard.....Berceuse (Cradle Song)
 - c. Wienlawski.....Obertass (Mazurka).
- Piano
- a. Baermann.....Louise in her Garden
 - b. Torjussen.....To the Rising Sun
 - c. Boisdelle.....By the Brook
 - a. Goldmark.....Air
 - b. Kreisler.....Liebesfreud (Joy of Love)
 - c. Hubay....."Hejre Kati" Gypsy Dance

The Santiam Berry Farm will have strawberries ready for market by the 15th of May at the same old prices. Gooseberries ready by May 20 at 25c on the bushes. I'll clean them if dry picked, free. I'll gather clean for 25c. Do not wait until they are all gone. Come by the 1st of June.—S W Gaines.

N I Morrison and C O DeVore returned Saturday evening from a two days fishing trip at Indian Prairie Lake. Although they did not secure a very large catch, Mr DeVore, who is recently from Oklahoma, says he is well repaid for the trip. He thinks some of the timber in that section, where many of the trees contain 40,000 feet of lumber each, are pretty sizeable brush piles.

R M Raymond received the sad intelligence Monday of the death of his niece, Miss Frances Stearns, at Fargo, N D, on May 31, after an operation for appendicitis. Miss Stearns will be remembered here as one of the graduates of the Scio High school of the class of 1913. She was a beautiful young woman, bright and accomplished and the picture of health, and her untimely death comes as a shock to her many Scio friends, whose deepest sympathy goes out to her sorrowing relatives in their bereavement.

At a meeting of the stockholders of the Scio Mutual Telephone Co held at Wesely hall last Saturday afternoon, it was voted 40 to 30, that the company continue to rent their present quarters, rather than to buy a home for the office. Several bids were submitted, for various properties which could be bought at a reasonable figure, but the majority seemed to think that the company is just as well off to rent.

MELLOW-SWEET IS TASTE OF "SPEAR HEAD"

Most Richly-Flavored Chew That Was Ever Pressed Into Plugs

FAVORITE FOR A GENERATION

Red-blooded men with real tobacco hunger find that they can satisfy it only by chewing, and the most wholesome and satisfying tobacco to chew is that made in plug form. The limit of luxury in tobacco chewing is the rich, sweet, juicy flavor that trickles through your system when you chew Spear Head. No other chewing tobacco is so mellow, so luscious and so satisfying. No other equals Spear Head for putting a keen edge on your appetite. Spear Head is made of the world's best tobacco leaf—the choicest of red Kentucky Burley. This leaf is selected for its full, juicy richness with the most painstaking care, is stemmed by hand, is pressed into Spear Head plugs so slowly that not a drop of the rich, natural juice escapes. Your first chew of Spear Head will open your eyes to the genuine enjoyment there is in chewing. Chew the rich and mellow tobacco that has been the favorite for a third of a century—that's Spear Head. In life cuts, wrapped in wax paper.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional treatment. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running nose or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be lost forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for literature, free.
