

**UPPER SANTIAM EVENTS**

**GATES**

John Miller was buried recently. Relatives were present at the funeral from Woodburn and other valley points. The people along the S P from Gates to Detroit who received phone service from that Co., have been ordered to substitute telegraphones for the telephones formerly in use. Then if some good old lady wishes to telephone to another lady about the baby and hold the wire most of the evening, it will not cause the R R Co to wait. The telegraph dispatch can be sent over the same wire at the same time and not disturb the old lady.

T Hennes of Kings Prairie and Mr Martin have purchased new Fords.

A couple of men were badly hurt recently in a mine two miles from the Black Eagle, due to a premature explosion.

Mr Hutchins has traded his 40-acre farm to Mr Ritzberg for six acres near Salem. Mr Ritzberg now owns all of what is known as the Wm Turnidge place.

A few days recently a man was killed here and one badly hurt by falling limbs.

The new electric line has been changed so it passes the townsite of Gates on the Linn side.

**MILL CITY**

Mrs Stella Murphy (Turnidge) is visiting her folks during the summer. Mr Murphy will attend the summer school at Eugene. He is supervisor for Douglas county.

Miss Jessie Barnes was recently married at Salem to a worthy young man—a good couple.

The logging train while making a flying switch at the log pond, jumped the track and tore up several rods of it.

The logging train killed one of Mr Heath's cows up in the mountains.

Large posters are up announcing a Fourth of July celebration at Mill City. The Stayton ball club is scheduled to play. A good cool place to spend the day and—your money.

Mrs Ransom has sold the hospital for \$6,900 and left to live in the valley.

The Hammond mill is running night and day.

The Balkan war has been transferred to M. C. There are Greeks, Turks, Bulgarians, Japs, Armenians and nearly all nationalities working for the Co. They have it in for each other, too. A big Turk that was handling large timbers, seems to have been a domineering chap. The Greeks were afraid to work with him. He needed one helper, but it was almost impossible to get any one to stay with him. Finally an American who had been a soldier in the Philippines, asked the yard boss to let him work with the Turk. They warned him, but he said he could take care of himself. In a short time a row was on. The Turk grappled with the soldier, but he used his spiked shoes to good effect and made him let go. The result was that our American knocked the big Turk senseless. The Co. "canned" the Turk, whatever that is.

In a day or so a Greek knocked Floyd Shephard down. A big Russian grabbed the Greek and told him to leave the boy alone now. The Greek was arrested and fined; Deputy Sheriff Hollingsworth gave him one hour to leave town and he "got."

Mr Reader, are you mourning because you have no money to buy an "ottermobile"? Do so no more. Think of the money you have saved by not having it to spend. Having no machine you save money you would spend for gasoline and repairs.

No person has a mortgage on the scenery. Sit on the fence and see the other fellow go past your location, and enjoy yourself. Play the glad game. Ed will run ahead of his ticket up here.—(He won't here.—Ed.)

The Santiam Farm is now out of strawberries, but has a fine supply of loganberries, currants, pie or Kentish, and early and late Royal Anne cherries, some gooseberries—all for 20c in the trees or bushes, 25c gathered. Will soon have Himalaya blackberries as fine as ever grew. Thanking my old patrons for past favors and will still appreciate them in the future.—S W Gaines.

**Forethought**

People are learning that a little forethought often saves them a big expense. Here is an instance; E W Archer, Caldwell, Ohio, writes: I do not believe that our family has been without Chamberlain's Colic, Cholera and Diarrhoea Remedy since we commenced keeping house years ago. When we go on an extended visit we take it with us." Obtainable everywhere.

**Tuxedo's Grip**  
by Walt Mason

Tuxedo is the gripping smoke, a boon to every buyer; you take your pipe of English oak, of tressachum, clay or briar, and fill it with the fragrant weed, the choicest man can gather; and then you have a smoke, indeed; and are you glad? Well, rather. Tuxedo has no kick or bite, suggests no "morning after;" its mission is to bring delight, and fill your heart with laughter. It caught the sunshine of the south, when it was green and growing, and brings that sunshine to your mouth, when out the smoke you're blowing. "Tuxedo's in a class alone," its smokers are declaring; "it has a fragrance all its own, that baffles all comparing." And thus it grips the men who smoke, and holds their true affection; their trusty briar pipes they stoke, and never know dejection. *Walt Mason*

**Deafness Cannot Be Cured**

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional medicine. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.
