Celebration Was A Success

Contrary to general expectation the sky cleared last Monday and the Fourth was as bright and clear as anyone could wish for. At a rough guess, probably from 2,500 to 3,000 people celebrated at Scio and everything went off without a hitch. It was a good natured, patriotic crowd and everybody enjoyed themselves, or at least appeared to.

The day's exercises started with a parade which formed on North Main street and marched to the Fair Grounds at 10 a m. Many favorable comments were heard concerning the floats, and many were heard to remark that it was the best of its kind they had ever seen in a small town.

Following the parade, Hon. Mill Miller delivered the oration of the day to a large and attentive audience at the Fair Grounds grand stand. The speaker was well up to his usual high standard and those who heard him were well paid for attending.

The afternoon was taken up with sports of various kinds, followed by an exhibition by the Portland Athletic Club, consisting of drills, horizontal bar work etc. They are well trained and a husky lot of fellows.

Boys race under 15 years, 100 yds, Willard Long, —George.

South Side O. K.

There may be a few who would take it for granted according to the News of two weeks ago that North Scio was the whole thing. The fact is they haven't woken up yet to the fact that we do as much business on the South side in one day as on the North in a minute. That is why we are paving our streets over here. Our business is assuming such a magnitude that it was necessary to do something, so we are coming through with the goods. After we get our street improvement completed if there are any progressive business men who want to get out of the quagmire and will sign an agreement not to knock, we will allow you to move over on our side; otherwise stay where you are, for we don't want you.
