PLAYING FIRST BASE.

It is Not Nowadays the Easy Job It Was Some Years Ago.

Third base is regarded by many people as the hardest position in the infield to play. Possibly this impression has been created by the fact that third base is always referred to as "the difficult corner." Ball players as a rule do not look upon third base as the most difficult position in the infield.

"Hobe" Ferris began his career as a second baseman. At that position Ferris was regarded as one of the greatest fielders in the business. His work as a member of the infield of the Boston team in the American

league was uniformly brilliant. Late in his career Ferris was sold to the St. Louis Browns, who boasted of a corking good second baseman in Jimmy Williams. Manager McAleer asked Ferris if he wouldn't try his hand at third base. For a time he positively refused. He finally consented to play a few games, but insisted he would never be the regular third baseman. After he had been playing the position a week I asked him how he liked the job.

"I can't imagine how I ever passed up third base when I was a kid," remarked Ferris. "Why, playing third is just like a vacation! Never again will I play second." And he never did during the remainder of his big league career.

Not so many years ago first base was regarded as the cinch position in the infield. Any big fellow who could catch a thrown ball with any degree of accuracy was usually nominated for the initial sack. It was the last resort for down and out catchers.

But first base is no longer regarded as a soft spot. In fact, it is just as difficult nowadays to secure a capable man for that position as for any other place on the infield. First base has become a decidedly important cog in the workings of every well regulated ball team.

The first baseman has a lot more to do than merely to be able to catch thrown balls. He must be able to think quickly, must have a good arm and must be able to figure out in advance the many plays that start at first base.—Billy Evans in St. Nicholas.

Could He Arrest a Cold?

A man was appointed detective for a railroad company, and he showed his authority at every opportunity. While riding in a coach one day he heard a little boy behind him sniffling.

The detective turned to him and said, "Have you a pocket handkerchief, my little man?"

The boy replied, "Yes, sir, but mamma said I shouldn't lend it to everybody."—Christian Herald.

Exposing Her Hand.

Little Brother (whose sister is playing cards with a gentleman)—Mr. Smiler, does Minnie play cards very well?

Mr. Smiler—Yes; very well indeed.

Little Brother—Then you had better look out. Mamma said if she played her cards well she would catch you.

**AS GOOD AS
A CHEW OF
"SPEAR HEAD"**

That Means the Supreme Degree of Rich, Luscious Tobacco Flavor

NO OTHER CHEW EQUALS IT

Nature varies the flavor she puts into the different grades of tobacco leaf—and the best of all is the flavor of choice red Burley that pleases you so mightily when you chew Spear Head.

The delicious fruity flavor of a chew of Spear Head is a revelation to the man who has never chewed or who has been chewing near-good tobacco.

For chewing is the one way to get all the wholesome, healthful, appetizing flavor of the tobacco leaf—providing you chew a high-grade plug like Spear Head.

No other tobacco can compare with Spear Head in the wholesome satisfaction it gives.

You get more savory sweetness in a chew of Spear Head than in a whole plug of ordinary tobacco.

And you get it in its purest form—for Spear Head is made amid the most wholesome surroundings, in a great, new factory that's kept absolutely clean and sanitary.

Try this rich, mellow, satisfying, pure chew. Such a chew cannot be obtained in any other tobacco than Spear Head. In 10c cuts, wrapped in wax paper.

Liver Trouble

"I am bothered with liver trouble about twice a year," writes Joe Dingman, Webster City, Iowa. "I have pains in my side and back and an awful soreness in my stomach. I heard of Chamberlains tablets and tried them. By the time I had used half a bottle of them I was feeling fine and had no signs of pain." Obtainable everywhere.
