TRUE INWARDNESS OF THE VERA CRUZ INCIDENT.

In the Spring of 1914, occurred the capture of Vera Cruz. Men from one of our ships had been arrested at Tampico and had been discharged with an apology. But our Admiral demanded a salute, which was refused. Thereupon the President went to Congress, asking authority to use the armed forces of the United States. Without waiting for the passage of the resolution, Vera Cruz was seized. It appeared that a shipload of ammunition for Huerta was about to enter that port. There was a natural opposition to this invasion and a battle occurred in which nineteen Americans and over a hundred Mexicans were killed. This, of course, was war. Our dead soldiers were praised for dying like heroes in a war of service. Later, we retired from Vera Cruz, giving up this noble warfare. We had not obtained the salute which was demanded. We had not obtained reparation for affronts. The ship with ammunition which could not land at Vera Cruz had soon landed at another port, and its cargo was delivered to Huerta without interference. Recently the naked truth was admitted by a Cabinet officer. We are now informed that "we did not go to Vera Cruz to force Huerta to salute the flag." We are told that we went there "to show Mexico that we were in earnest in our demand that Huerta must go." That is, we seized Vera Cruz to depose Huerta. The question of the salute was a mere pretext.—From Mr. Hughes' speech of acceptance.

PROMISE TO REDUCE THE COST OF LIVING NOT KEPT.

Our opponents promised to reduce the cost of living. This they have failed to do; but they did reduce the opportunities of making a living. Let us not forget the conditions that existed in this country under the new tariff prior to the outbreak of the war. Production had decreased, business was languishing, new enterprises were not undertaken, instead of expansion there was curtailment, and our streets were filled with the unemployed. What ground is there for expecting better conditions when the unhealthy stimulus of the war has spent its force and our industries and workingmen are exposed to the competition of an energized Europe?

It is plain that we must have protective upbuilding policies.—From Mr. Hughes' speech of acceptance.

WANTS AN EFFECTIVE SYSTEM OF RURAL CREDITS.

We propose to promote by every practicable means our agricultural interests, and we include in this program an effective system of rural credits. We favor the wise conservation of our natural resources. We desire not only that they shall be safeguarded, but that they shall be adequately developed and used to the utmost public advantage.—From Mr. Hughes' speech of acceptance.

Biliousness and Stomach Trouble

"Two years ago I suffered from frequent attacks of stomach trouble and biliousness," writes Miss Emma Verbyrke, Lima, Ohio. "I could eat very little food that agreed with me and I became so dizzy and sick at my stomach at times that I had to take hold of something to keep from falling. Seeing Chamberlain's Tablets advertised I decided to try them. I improved rapidly." Obtainable everywhere.
