

UPPER SANTIAM EVENTS

Lyons has completed a fine school building.

Mrs Bert Gates of Gates has sold her home and moved to Woodburn. She is a sister of engineer Raines.

Mr and Mrs T. Henness nearly lost their little boy—appendicitis.

Mike Fagin, who has been in charge of camp 14, was struck Sunday morning, Sept. 24, on the forehead by a sledge which slipped from another man's hand who was working on a flat car. It tore his scalp, but fortunately it was a sideling stroke.

A young man working at Detroit was running away from a blast and a rock struck him in the back and broke three ribs. He is in the hospital at Mill City. He had ran 500 feet.

Among the down country folks I have seen around recently are Lew Brotherton and the Stam brothers, all good people.

That genial, wholesouled gentleman, Mike Bilyeu from the Den took down a large drove of cattle. Wm. Downing brought up a drove from below the same day. Mike says that he will marry the widow if she is willing. Girls, cut the widow out.

Some of the farmers down Jordan way are worrying about the grasshoppers. If the large number that are there lay eggs this fall crops may be badly damaged next year.

Ray J. Fox of Lyons took several hogs to the state fair.

Supervisor Brown is finishing hard surfacing the road from Lyons to Jordan.

The Gooch mill is running with a full crew.

Automobiles can run from Jordan to Lyons winter or summer now.

A cousin of Frank Potter is building a fine bungalow at Potter. Frank's uncle, Joe Potter, has come back after an absence of several years. They are members of the pioneer Potter family.

Com. Butler has stopped all traffic on the Mill City bridge. They are putting stringers under the approach on the Linn side. The stringers were hewed out of large logs brought down from the mountains; they are 14 x 15 inches squared and 105 feet long. They put in cement piers at both ends. It took 320 sacks of cement and then some more.

Mr Mombert of M. C. has sold his wireless to a neighbor. Soon after the war began his son, who acts as wireless man on vessels came home on a visit and set it up. It gathers messages 6000 miles away, so the old gent says. The boy is in South America now. Since being here he served as wireless operator on a merchant vessel which was taken by the British. They destroyed the wireless machine on the vessel and landed him in S. A.

The Odd Fellows of Silvertown and Mill City held a joint "blow out" Saturday night, five auto loads coming from Silvertown. A fine banquet was provided by the M. C. Rebekahs.

All of the men working on the new branch line are Dalmatians from Austria. Dalmatia is 60 miles east of Trieste on the Adriatic sea. It is 86 miles each way—perhaps they mean Austrian miles. They are intensely loyal to Austria. If they can get safe conduct they will go back to fight, all of them. I said: "Would you leave here to go back there to help Emperor Francis Joseph?" The answer was: "Yes, every one of us." I said: "Most of you would be killed." Answer: "We must die some time anyway." When news came that Russia and Japan had begun war the Japs here disappeared over night. The Dalmatians would do likewise. One of the men owns 100 acres of land back there. He will go back after the war; he says he misses the wine made from the grapes on his place.

Our education board did a wise thing in abolishing that school supervisor business. The law was passed in the first place to furnish positions for political pets. Three schools in this upper country, one in Marion county and two in Linn, were broken up by the meddling of the supervisors. Our teachers are qualified to run their schools without interference by them.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address: F. J. CHENEY & CO., Toledo, O.
Sold by all Druggists. Take Hall's Family Pills for constipation.

Despondency

When you feel discouraged and despondent do not give up but take a dose of Chamberlain's Tablets and you are almost certain to feel all right within a day or two. Despondency is very often due to indigestion and biliousness for which these tablets are especially valuable. Obtainable everywhere.

Folly of Worry.

Speaking of worry, that is one thing that a man must learn to avoid if he will be well and happy. There is no one thing in the world that has a tendency to upset and rust a man's body and faculties more rapidly than worry. The man who does not worry is usually a happier and a better man, as far as ability and capacity for work are concerned, than the man who allows himself to be worried.—John Marshall Harlan.

Appearances.

A capitalist at a dinner said wittily of a suspected gold mine: "Gold mines are like human beings—they can't be judged by their appearance. You know what Frank R. Stockton used to say about judging by appearances: "Don't trust a man because he carries a silk umbrella—he may have left a cotton one in its place."

The Bluffer.

Mother—The bell, daughter—the doorbell—is ringing.
Agnes—For goodness sake! It's Charlie! Here, mother, let me have your broom and dust cloth and head rag till I let him in!—Richmond Times-Dispatch.

What Pineapple Juice Will Do

Pineapple juice and papain are now extensively used in the treatment of stomach and bowel troubles. They give strength and tone to the digestive organs. The right proportions are found in Natol Pineapple Papain Compound. This is a new medicine sold by Chas. A. Everett, over the manufacturer's guarantee.

How Catarrh is Contracted

Mothers are sometimes so thoughtless as to neglect the colds which their children contract. The inflammation of the mucus membrane, at first acute, becomes chronic and the child has chronic catarrh, a disease that is seldom cured and that may prove a life's burden. Many persons who have this loathsome disease will remember having had frequent colds at the time it was contracted. A little forethought, a bottle of Chamberlain's Cough Remedy judiciously used, and all this trouble might have been avoided. Obtainable everywhere.
