

New Xray Machine

An Xray machine of the latest type has just been installed in the office of Dr Prill. The Campbell Xray machine is recognized as the leading machine of the day and is the only one endorsed by the Government for military and naval use in their hospitals.

During the recent exodus of the National Guards to the Mexican border 11 Xray machines of the same type and character as installed in the doctor's office were shipped for active service in the cause of medical and surgical work.

The machine is not only equipped for Xray work, but furnishes all of the electrical and therapeutic currents for treatment purposes, recognized by the leading authorities. In addition to the machine an elaborate equipment has been installed for the full operation of the different modes of treatment.

Scio is now in position to have competent Xray work done equal to that obtained anywhere.

When You Take Cold

With the average man a cold is a serious matter and should not be trifled with, as some of the most dangerous diseases start with a common cold. Take Chamberlain's Cough Remedy and get rid of your cold as quickly as possible. You are not experimenting when you use this remedy, as it has been in use for many years and has an established reputation. It contains no opium or other narcotic. Obtainable everywhere.

UPPER SANTIAM EVENTS

The stork brought pretty twin baby girls to the home of Harry Goodman. Grandpa Robertson is stepping high since the babies came and he wants everybody to know of the event.

Commissioner Butler has placed cement piers under the Mad Creek bridge. He has extended the roofed part of the M C bridge 105 feet, making 300 feet of covered bridge.

J L Weaver a long time merchant has sold his store and left for his old time Brownsville home.

The Dalmation cook showed me loaves of bread, each 4 feet long 2 feet wide and 1 foot thick. Good bread. The R R men could not stand to work on the usual bakers bread.

M C is painting. The company has painted all of its building, and the county bridge also looks neat in its new coat of paint.

"The frost is on the pumpkin."

The question is: which candidate is going to get the majority of the electoral college. One of them will get the majority of the popular vote but that does not always elect. We have had minority presidents and plurality presidents. Lincoln was a plurality president. Douglas received more of the popular votes than any of the four candidates. Lincoln, however, received more of the electoral votes than any one of the four. Hayes was a minority president. Tilden had more of the people's votes. It is the people versus the people. We give a man a majority of our votes then the electors may elect another man. We elect the electors and how can we kick.

T L Dugger, E C Peery and Co Supt Jackson made a flying visit to this country one day last week. Mr Jackson was interviewing our school authorities in regard to the Albany fair. It is to be presumed that T L was brought along for ballast.

The Hammond Co is putting corn fodder in a silo. It was killed by frost. They may find that farmers meet with many losses.

Numerous fine houses and bungalows are being built in M C.

They tell about the good old days when you and I were young, and say we lacked inventive sense and ought to have been hung. We swung the cradle and the sythe and sang our harvest ditties; we stuck the jug toward the skies and drank good home made whiskies.

Salt risen bread and good plain food built us up quite husky; it made muscle strong, gave life some pep, topped off with good old "whusky." With fists as clubs we fought for fame the liquor made us frisky, we then shook hands,

became good friends and took a drink of whisky.

Three times each week we danced all night and ne'er went home till morning. To wake us up for work next day, we took another morning; we drank at morn, we drank at noon, we drank at night and Sundays, we drank each day the whole week through and began again on Mondays.

If it were cold we drank to warm, it sent the blood through jingling; if it were hot to make us cool, down throat it went a tingling. The harvest hands would work no more without the drink to make them merry; they looked the jug square in the eye and called it "Tom and Jerry."

Good bye old days we are glad you're gone; times cannot be much wetter. The boys and girls can thank the stars, their days will be much better.

\$100 Reward, \$100

The owners of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known for the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address: F. J. CHENEY & CO., Toledo, O.
Sold by all Druggists, 75c.
Take Hall's Family Pills for constipation.

Pineapple Juice for Stomach Trouble

A preparation of fresh pineapple juice and pure scale pepsin when combined with other ingredients, in the right proportions, such as are found in Natol Pineapple Pepsin Compound furnishes the necessary elements to relieve indigestion, nausea from any cause, sour stomach, bloating, sick headache and nervousness arising from a disordered stomach.

This preparation is sold by me on a positive guarantee of money back if not satisfactory. It is a wonderful medicine, having properties possessed by no other. Don't take my word for it but prove it by a trial. 50c and \$1.00 sizes. Chas. A. Everett, druggist.

How Catarrh is Contracted

Mothers are sometimes so thoughtless as to neglect the colds which their children contract. The inflammation of the mucus membrane, at first acute, becomes chronic and the child has chronic catarrh, a disease that is seldom cured and that may prove a life's burden. Many persons who have this loathsome disease will remember having had frequent colds at the time it was contracted. A little forethought, a bottle of Chamberlain's Cough Remedy judiciously used, and all this trouble might have been avoided. Obtainable everywhere.
