

Stop, Look and Listen!

We have been contemplating a change for some time, but owing to circumstances have just completed the transfer on November 1st. The Densmore-Wade Co. is out of the business of the Produce house entirely.

Having just purchased the produce business, I will give you all that the markets will justify me in paying.

We are in the market for practically anything you have to sell, having an Hazelwood cream station working in conjunction with us in the same building.

Bring us your eggs, poultry, hides, veal, dressed pork, cas-cara bark, CREAM, etc.

Be A Booster

Nearly every town has two classes of citizens - the boosters and killers. All the world loves the former, but even the devil shuns the latter.

Be a booster!

The town booster is known by everybody, for he is always doing and saying something to push his town and its people along. He is the man who makes the town. The killer is the one who destroys it.

Be a boor er!

The booster never loses anything by his boasting. He boosts other people and other people boost him, and through this combination of boosting great things are accomplished. It is only the killer who falls of his own weight, of his own words, of his own deeds.

Be a booster!

The booster is like a ray of sunshine on a cloudy day. He brightens everything and everybody around him. His geniality, his cheerfulness, his energy and his good deeds breed hope in the bosom of despair. His words and his acts aid others and ennoble himself. But the killer only kills--just kills, kills, kills!

Be a booster!

This town has many boosters, and you'll know them, you admire them, you respect them, and your respect is more precious to the genuine booster than is your gold. It is only the killer who stands alone, without friends, without hope for the future.

Be a booster!

There may be a killer or two in this town, but we hope not. But if there are any we hope they will cease killing and go to boosting. There is no honor or profit in killing, but there is much to be gained through boosting.

Be a booster!

We need the booster--we need more boosters. But we can exist handsomely without the killer, for the killer's principal diversion in life is to take a knock at the town, at its people, at their ways, and at everything and everybody connected therewith--except the killer.

Be a booster!

If there are any killers in this town let's convert them, so we can all be boosters. The booster is of value to every legitimate thing with which he comes in contact, while the killer is not

even of value to himself. Heaven loves a booster--and hell is full of killers. Everybody boost!

Good Roads Meeting

To the editor of the Santiam News: On next Saturday afternoon at 1:30 o'clock November 25, there will be held in the County Court House a Linn County "Good Roads Convention." Two delegates have already been chosen from each voting precinct, and these delegates are to assemble here at the Court House in the Circuit Court Room and organize themselves into a permanent "Good Roads Association." This will be one of the most important steps that has ever been taken in Linn County towards getting better highways.

State Highway Engineer Lewis, of Salem, has agreed to be present and address the meeting on How to Construct Roads; This will be an instructive meeting, and will arouse a great deal of interest towards getting better highways throughout the county.

An effort is being made to circulate the report that the Good Roads Ass'n. is being organized for the purpose of increasing the taxes and hard surfacing the roads throughout the county. This is not true. The purpose of the association is, first of all, to see that we get value received for the money that is annually expended on the roads, and second, to see that the roads are improved according to a specified plan.

Every taxpayer interested in better roads is invited to be present at the meeting on Saturday.

For Sale: One Valuable Cow.

In a recent issue of the Alta Search light, a paper published in a small town up in Canada, appeared the following advertisement:

Owing to ill health, I will sell at my residence in township 19, range 18, according to the government survey, one raspberry plush cow 8 years old. She is a good milker and not afraid of motor-cars or anything else. She has undaunted courage and gives milk frequently. To a man who does not fear death in any form, she would be a great boon. She is very much attached to her home at present by means of a leg-chain, but she will be sold to any one who will use her right. She is one-fourth short horn and three-fourths hyena. I will also throw in a double-barrelled shotgun, as it goes with her. In May she generally goes away for a week or two and returns with a tail red calf with wobbly legs."
