

Produce and Cream

I am in the market for produce of all kinds, so bring it in.

I am paying top prices for Eggs, Poultry of all kinds, Chickens, Turkeys, Geese and Ducks, also Veal and Pork.

In addition to these, I am paying within 2 cents here, of the top for CREAM, delivered in Portland.

I also aim to keep within 2 cents of the Portland market on all produce.

Bring me your green hides and pelts and I will treat you right.

Will Be Lonesome.

With 79 republicans, 9 democrats and 2 independents in the state legislature, says the Coes Bay Harbor, it strikes us there will be some lonesome times in store for the minority crowd.

This comparison reminds us of a fable once told of a bantam rooster in a barn yard, well crowded with Percheron horses. The proud little bird was pretty chesty and strutted about and at times was in danger of being trampled under foot.

Putting up a brave front the little fellow said: "Well, gentlemen, if we are to live together peaceably we must take care not to step on each other's toes."

Scio Schools To Build Playshed.

The Scio schools are to have a playshed. Prof O V White of the Scio schools was in Albany today and told how it came about. At a parent-teachers meeting Friday night the senior class petitioned for the construction of a playshed and themselves pledged \$100 toward the cost.

It was voted to build the shed and ask for donations from the citizens of the city. Enough was offered to guarantee the building. The shed is to be 60 by 100 feet. For the first year there will be no floor or walls. Later it is planned to make it more complete and prepare for indoor games.—Albany Herald.

Good for Constipation.

Chamberlain's Tablets are excellent for constipation. There are pleasant to take and mild and gentle in effect. Obtainable everywhere.

Typewriter ribbons 60c at the News office.

THOMAS CREEK JOYTINGS

Some change in the atmosphere this morning and everyone is busy getting in outside stock.

C C Burmester made a business trip to Stayton Tuesday.

Richard Cramer came over from Stayton Monday for a short visit at the home of his father-in-law, H Burmester.

J N Bilyeu came up from Crabtree Thursday for a few days visit with his mother, Mrs Nancy Bilyeu.

Mrs C Rodgers spent Thanksgiving with her sister Lola, who stays at H Burmester's.

Wm Rhoda is suffering with blood poisoning in one finger caused by a splinter.

The little daughter of Chas Rhoda was taken to the Parker hospital at Scio Friday for medical treatment for stomach and bowel trouble. She is reported to be getting along nicely.

Miss Lola Westenhouse visited with Miss Lulu Clark Saturday. Miss Mabel Thayer is acting as teacher for Miss Clark, who is confined to her home with asthma.

Syd Stringer visited in these parts the last of the week. He left Monday for McMinnville as a delegate for the Farmers Union of Lacombe.

Otto Cole returned to Crabtree Thursday after a short visit with his father, S B Cole.

An interesting road meeting was held at Jordan Tuesday, 105 votes being cast and several being present who could not vote. Mike Bilyeu received the majority for supervisor. A 2 1-2 mill tax was levied, \$500 to be spent on the Stayton road and the balance on the roads

leading to Scio. Some of them surely need some work.

Dan Neal and son Henry ate Thanksgiving dinner at the J M Calavan home.

James Burton, sons Isaac and Lawrence, and daughter Pearl, went to Lacombe Thursday and visited until Sunday.

Lon Wirth returned to his home at Medical Springs Monday after a few days visit with his brother Roy, this being their first visit in five years.

H Burmester ate Thanksgiving turkey with his son, C C and family.

Thomas Fleming and family came over from Stayton for a good old Thanksgiving dinner with his grandmother.

J D Grimes and wife spent Thanksgiving with his brother Will and family.

CHATTER BOX.

Don't miss the free show on Saturday, December 23, given by Fred T Bilyeu and N I Morrison. Most all the Scio merchants have a nice line of holiday goods, so if you can't find what you want at Morrison's store you will be able to get what you want some where else. Everyone try and make Saturday, December 23, your shopping day for Christmas. Morrison will give you 10 per cent off on that day.

UPPER SANTIAM EVENTS

A timber faller working on the Nicolson place about one mile south of Mill City, was killed Thanksgiving morning by a falling tree. The tree struck another tree, the top broke, blew back and crushed him.

Tom Payne was married recently to a lady from the east. Tom is yard manager for the Clement Co at Gooch.

Frank Potter has built a large shingle mill by the Hammond Co's log pond which is a half mile above M. C. Ed Thompson supervised the work. Ed is an expert.

A Mr Smith has taken up a mining claim at Quartzville. He owns extensive mining properties in Mexico, but was driven out by bandits. He will return to that country when safe to do so. He also owns mining property in Alaska.

Bob and Mart Peery passed over to the Elkhorn mines recently.

Newt Lewis has left to live with his daughter down near Kingston. Newt can tell some interesting things that happened along Thomas creek forty years ago.

John Schulte has gone to eastern Oregon to visit relatives.

Don Smith of Gates has gone to oversee his mining properties in Idaho.

While going down a steep grade on your scribe's place, a car about the center of the train, loaded with logs, jumped the track and skidded along on the ties about eight rods. The couplings held and the car did not leave the ties. The conductor and brakeman had the car back on the track in less than half an hour without losing a log. They carry on each engine two appliances about 3 feet long that resemble turtles backs. They clamp one to each track, start the engine and the two plates do the rest. The engine can "shunt" itself back on the track without difficulty.

The freeze froze apples on the trees, also corn, stalks, squash and pumpkin vines before the stuff was ripe.

The shooting match at M. C. Thanksgiving day was a fine success. Chickens, geese and turkeys for everybody.

Mr Crabtree, brother of Roy Crabtree of Jordan, is now a citizen of M. C.

If you wish to get an object lesson in regard to the displacement of hand labor by machinery, visit the Hammond filing room. You will find nine automatic filing machines and 3 men in there. There are machines for filing band saws, large circular saws, and upright or "up and down" saws. The band saws are 37 feet 4 inches in cir-

RELiance
A 7-Jewel, Thin Model Watch
—and now Ingersoll is turning out a 7-jewel, very, very thin model watch for \$3.
We have them here for you to look at; and they're interesting enough to look at, even if you haven't the least idea you need \$3.00 a watch. The price is

Mill City, Oregon.

Danger Signal.

If the fire bell should ring would you run and stop it or go and help to put out the fire? It is much the same way with a cough. A cough is a danger signal as much as a fire bell. You should no more try to suppress it than to stop a fire bell when it is ringing, but should cure the disease that causes the coughing. This can nearly always be done by taking Chamberlain's Cough Remedy. Many have used it with the most beneficial results. It is especially valuable for the persistent cough that so often follows a bad cold or an attack of the grip. Mrs. Thomas Beeching, Andrews, Ind., writes: "During the winter my husband takes cold easily and coughs and coughs. Chamberlain's Cough Remedy is the best medicine for breaking up these attacks and you cannot get him to take any other." Obtainable everywhere.

Pictorial Review and Santiam News, both one year for \$2.25.

New Undertaking Parlors

Mr N C Lowe is the only licensed undertaker and embalmer of Scio. All work guaranteed satisfactory. We have a large stock of caskets on hand and a nice hearse. All calls promptly attended day or night. A lady's services will be furnished if required.

N. I. Morrison and N. C. Lowe
SCIO, OREGON

conference. The men place the band saw, back down, on a circular bed of rollers. The machine inside. They place one side in the grip of the machine. An emery stone revolves at a terrific speed on a crook necked arm that is fastened to a steel plate which moves up and down at regular intervals. A trip lock device holds the saw when the stone comes down; when the stone moves up the trip lock opens and moves the saw around the exact distance between two teeth. The men busy themselves about other work while the saw is being filed. It seems
