The blood contains the vital life principle, and it is the medium through which life and energy are maintained in every tissue of the body.

At this season your blood is apt to be in an impoverished condition which will cause a lowered vitality. If you feel dull, lack energy, have indigestion, skin eruptions or other indications of impure blood, take

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

The Habit of Taking Cold.

With many people taking cold is a habit, but fortunately one that is easily broken. Take a cold sponge bath every morning when you first get out of bed—not ice cold, but a temperature of about 90 degrees F. Also sleep with your window up. Do this and you will seldom take cold. When you do take cold take Chamberlain's Cough Remedy and get rid of it as quickly as possible. Obtainable everywhere.
