Changes in Game Laws

Fishermen and hunters may save fifty cents on each licence by buying them before May 21st as on that date the law passed at the recent session of the legislature goes into effect increasing the price of hunting and angling licenses from \$1.00 to \$1.50, and a combination license from \$2.00 to \$3.00. State Game Warden Carl D. Shoemaker says that there has been quite a rush for licenses in many parts of the state, due in all probability to the fact that the raise in licenses will become effective soon. Other changes in the game code made at the session of the Legislature just closed are as follows: Free running dogs, or dogs following upon the track of any game animal, may be declared a nuisance after notification in writing to the owner of dogs, and the animals may then be killed without any criminal or civil liability on the part of the person killing the same.

One-half of all fine moneys will hereafter be sent to the credit of the Game Protection Fund.

Women are exempt from purchasing angling licenses, but must obtain a hunting license if they desire to hunt for any of the game birds and game animals of the state.

The deer season for District No. 1, which is western Oregon, has been

shortened two weeks and will hereafter open on August 15th and close on October 15th, the bag limit has been reduced from three to two deer in any season.

In Game district No 2, the open deer season begins on September 1st and will close on October 31st, with the exception of Klamath, Malheur and Harney counties, where the season will be the same as in District No. 1. Bag limit is reduced to two deer.

The open season on migratory birds throughout the state will be from October 1st to January 15th, with the exception of Malheur and Harney counties, where the season will be from September 15th to December 31st.

The Chinese pheasant hen has been protected and only male birds may hereafter be killed, the bag limit is five in any one day and not more than ten in any seven consecutive days.

In Hood River county a ten days' open season on male Chinese pheasants has been provided, from October 1st to October 10th, with a bag limit of three birds in any one day or ten during the season.

All over the state the bag limit on trout has been reduced from 75 to 50 trout, or 35 pounds in any one day.

Winter fishing for trout in Game District No 2 has been prohibited with the exception that trout over 18 inches in length may be caught.

The open season on six inch trout begins April 1st and sportsmen are urged to purchase their license and carry them on their person as strict orders have been given deputies to check up all anglers found fishing in the streams.
