

Sure Pure Drugs

Drugs may be pure and yet not sure. They may be genuine and yet sadly deficient in those principles that give them medicinal value—and results depend more on the activity than the purity of drugs.

We recognize this as a fact of vital importance and regularly supply assayed drugs or those that we know are fully up to the official standards,

This extra care is worth a great deal to you—but it costs nothing extra at our store.

He will no doubt handle it in the same thorough and courteous manner that he does his other business affairs.

Solution to Mr. Kelly's Problem

Editor Santiam News:

I am sending you a solution to Mr Kelly's problem but am not sure it is correct:

If \$4500 is to be paid in four equal payments with interest at 6 per cent, the interest at end of first year would be \$270, the second year 3-4 as much, or \$202.50, the third year 1-2 as much or \$135, the fourth year \$67.50, in all the interest would amount to \$675 plus \$4500, equals \$5,175. Each payment would be 1 1/4 of this, or \$1,293.75.

If anyone has a better or nearer correct solution, let him come through.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known for the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
