### SCHOOL NOTES

Mr Rumbaugh gave an interesting talk last Friday at the arbor day program concerning agriculture.

Gail Jones has joined the Salem cavalry; therefore one more seat is empty in school.

The botany class found several good specimens to press on their trip last week.

The domestic science class visited the Sanitary Market last Friday. Mr McKnight had a fine display of cuts and gave a very interesting and instructive talk on the various kinds of meats. The classes also visited the condensery and watched milk pass through the various stages.

About May 1st the Jefferson, Riverside and Scio schools will meet in Scio and participate in an all day program. The May queen and her attendants will preside over a pageant which will be staged out of doors. There will also be games of baseball, basketball, croquet and tennis played by both the boys and girls. Much friendly rivalry has been aroused in the school over the track meet which will take place on that day. Every one will be cordially invited. Watch for further particulars and announcements.

Harold Hough has returned to school after being out a week on account of pink eye.

### Excess.

Too much noise deafens us; too much light blinds us; too great a distance or too much of proximity equally prevents us from being able to see; too long and too short a discourse obscures our knowledge of a subject; too much of truth stuns us. —Pascal.

### Learned by Experience.

"Just because we have different political views is no reason why we shouldn't be friends."

"You are wrong there," answered the contentious man. "As a casus belli there is positively nothing more productive of results than a difference of political opinion." —Birmingham Age-Herald.

### Tragic Family History.

The following inscriptions are to be seen on a tombstone at Debreczin, Hungary:

"Joseph Moritz, murdered at sixty-two by his son. Isabelle Moritz, wife of above, poisoned at forty-seven by her daughter. Elizabeth Moritz committed suicide at twenty after poisoning her mother. Joseph Moritz, Jr., murderer of his father, died in prison at twenty-seven." —London Standard.

### Useful Fireweed.

Fireweed, otherwise known as the "great willow herb," seems to have been created as an antidote for one of the ugliest sights a landscape may offer—burnt over ground. The fireweed is a genuine cosmopolitan, for it sends its consoling shaft above the ashes of burnt forests not only throughout America, but in Europe and Asia.

### Safe Medicine for Children.

"Is it safe?" is the first question to be considered when buying cough medicine for children. Chamberlain's Cough Remedy has long been a favorite with mothers of young children as it contains no opium or other narcotic, and may be given to a child as confidently as to an adult. It is pleasant to take, too, which is of great importance when a medicine must be given to young children. This remedy is most effectual in relieving coughs, colds and croup. Obtainable everywhere.

### As a Jritic Saw Browning.

There was marked vulgarity about Browning, particularly in his accent and in the tone of his voice and a certain indescribable savor of sycophancy of a man eager to be of a grade to which he did not belong, but the poet was there—the poet's keen eye, the poet's heart, obvious in his remarks and descriptions. —Memoirs of John Churton Collins.

### A Diplomatic Decision.

Two ladies contending for precedence at the court of Charles V. appealed to the monarch, who decided that the elder should go first. Disputes of that character never occurred thereafter.

### Why Constipation Injures.

The bowels are the natural sewerage system of the body. When they become obstructed by constipation a part of the poisonous matter which they should carry off is absorbed into the system, making you feel dull and stupid, and interfering with the digestion and assimilation of food. This condition is quickly relieved by Chamberlain's Tablets. Obtainable everywhere.
