HAS WON MANY CUSTOMERS FOR US

Perfection in anything can only be accomplished through a proper regard of small details.

There are hundreds of little things that go to make up the perfect service which is required in a successful drug store.

We realize this and if you trade with us a while you will be impressed with the care which we exercise in conducting our business.

No drug store sells better goods than we do and no drug store can provide more satisfactory service and fairer prices.

If care counts with you, we should like to add your name to our large list of satisfied customers.

Vogla Benes, of Chicago, Ill., a Bohemian who has been on the European war front until recently, gave an address in his native tongue to an interested audience at the Wesley hall last Saturday evening. Mr Benes was in Scio about three years ago just prior to leaving for Europe. He arrived in Austria three days before war was declared and was conscripted with the first draft. This did not fit in with his plans very well, as he has about as much love for Germany as a fishworm does for a hook, so he began planning a way of escape. It is no easy task for a healthy man to starve himself deliberately with plenty of good food accessible, but that is just what Mr Benes did until he was sent to a hospital, being declared by the doctors, unfit for military duty. There he was soon built up to normal condition and sent back to the trenches, where he repeated the starvation game, and was returned to the hospital for the second time, when he persuaded the officers to let him come to America, where he could do much good, as he was acquainted here, to arrange for securing artificial limbs, etc, for the central powers. As he is well educated and a convincing talker, he obtained a passport with but little trouble and sailed for New York. He is doing a good work all right, but not in the way that would be best calculated to be pleasing to Bill Hohenzollern. It might be added that Mr Benes has no immediate intention of engaging passage for Germany.

A friend has sent in the following account of the marriage of Vilas Wesley Arnold and Miss Sophia Della Posvar which was solemnized in Albany April 10. The wedding was witnessed by Amil Posvar, brother of the bride, and Miss Marie Groulek. After the ceremony the happy couple went to the home of the bride's parents at Crabtree, and that night the groom's parents were treated to a charivari. Friday night they were at the home of the groom's parents where two treats were accorded them. The first crowd composed of men and women, brought cakes with them and the groom treated to cigars, candy and peanuts, and an enjoyable evening was spent. After all these experiences the young people are at peace.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
