Albany Physicians Sued For \$25,000 Damages

Alleging that Dr. J. P. and B. R. Wallace in setting her fractured arm, neglected to reduce a dislocation of the shoulder on the same side, which in consequence is permanently dislocated, Mrs. Iris Oliver, formerly of Sweet Home, now of St. Helen, has filed suit in the circuit court against the Albany physicians, asking for \$25,000 damages.

She states that the accident took place two years ago, on January 31, 1913.—Albany Democrat.

Holley Items

James Markley, while hauling hay to the D. J. Dearmond ranch upon the Callipooia, got badly hurt by falling off the load, when one wheel of his wagon struck a rock. One leg was so badly hurt that 16 stitches were necessary to bring the parts together. Two ribs were broken as well.

We are having a few cold nights again, yet not so cold as the former freeze by 8 degrees, when the grain on the low lands was badly damaged. That on the higher land was injured somewhat, but will come out all right if it does not get any colder.

Mrs. J. R. Springer was no better when we last heard from her.

Blanch King, Walter Hunter, Jno Crocker and Landis Philpott have received their eighth grade diplomas and have entered the high school.

Wood taken on subscription at this office.

WILL ADOPT SPOT CASH SYSTEM

On and after February 1, 1915, our business terms will be strictly SPOT CASH and all parties knowing themselves indebted to us, will please call and arrange their accounts to meet the new conditions.

Owing to the small margin of profit in the sale of goods in the very latest methods of doing business, we are forced to discard the credit system. After February 1, I will sell for Spot Cash only. Do not ask for credit after that date for, no matter how wealthy or poor you are, all will then look alike. So keep in mind that the CASH must accompany all orders by mail for goods, or must be paid before the goods are removed from the store.

We regret having to make this move, but the trade has forced us to do so. By sending their cash away to mail order houses and running a credit account at home, the people work a hardship on the home merchant, leaving him in a position whereby he cannot compete with the mail order houses as long as he does a credit business. Therefore we have resolved to adopt the Strictly Spot Cash system in order that we can meet the prices of the mail order houses. It has always been a pleasure to us to accommodate our patrons and extend credit when we thought it was needed. But the credit system has been so abused that we are forced to discard it, in order to protect our business.

We feel justified in making this move, as it will enable us to sell more cheaply and protect the man who pays cash from having to help pay the debts of he who fails to pay his bills; also the interest on long-time accounts, or for articles which have been neglected to be charged and the expenses of the general upkeep of the credit system.

We are now making contracts with factories to furnish us goods for 1915 at bed rock prices for which we will have to pay cash with the order and this means better goods and lower prices, thus making a saving for our customers.

On and after February 1, all our goods will be marked down. We give you below both the old and the new price on a few articles, that you may make the comparison and see what you will save. We ask you to compare our Spot Cash prices with those of the catalogue houses as well.

	Old System	Spot Cash		Old System	Spot Cash
Telephone batteries	\$.30	\$.23	6-in. stovepipe, medium	\$.15	.11
Standard 2-ply roofing	1.75	1.48	Galvanized iron tub	.75	.58
White house paint, gal.	1.75	1.48	“ bucket, 14 qt.	.35	.24
Linseed oil, per gal.	.75	.69	9-bar steel wire fence,		
White lead per lb.	.84	.08	39 in. high, wt. 9 lbs	.34	.32½
22 short smokeless			Barbed wire, 80-rd spool	2.10	1.99
cartridges	.15	.11	Linoleum	.58	.49½
8-inch flat files	.15	.11	Matting	.25	.18
Glass wash board	.45	.37	All-wool carpets	.75	.63

By the above quoted prices you will see that it will pay you even to borrow the money to pay spot cash.

From time to time as new goods arrive we will be able to give still better prices as it will take some little time to make arrangements with factories to get goods at the lowest spot cash prices.

All goods will be reduced to the lowest possible prices. We ask you one and all to come in and see what you can save by buying for Spot Cash.
