

LOCAL BREVITIES

M. C. Gill was an over Sunday visitor in Albany.

E. C. Peery has had the front of his drug store newly painted this week.

A large part of The Tribune is consumed this week in publishing the fair premiums, at the expense of the news columns.

Last Saturday the core gear for the light and water plant arrived and was soon in place and the light plant is again on its old time inexpensive condition.

At the special school meeting last Saturday, the school board was authorized to go ahead with the construction of sanitary toilets by a more than two to one majority.

Henry Bilyeu and family, of Tecoa, Wash., arrived in town Tuesday and are domiciled in Mrs. J. R. Gill's residence. They will spend the school year here to enjoy the school privileges.

Dr. Prill received notice a few days ago, that 50,000 trout of the Rainbow and Eastern Brook varieties, would be shipped to him from the state hatchery, for distribution in the streams in this locality.

which attended the sinking of the steamer Arabic, submitted by the American government through Ambassador Gerard, Gottlieb Jagow, the German foreign minister, made a statement to this effect in an interview last night with the Associated press.

Herr von Jagow said, in his interview, that Germany could not well repudiate the report of the commander of the submarine which sank the Arabic. Nevertheless, there was room for a difference of opinion and Germany would examine carefully the evidence from Washington.
