

The wool market is a more serious situation than most people realize. There can scarcely be a clothing merchant in the United States, but what has had some orders cancelled on account of the manufacturers being unable to secure the-woolen cloth.

No wool is being shipped into the United States on account of the war, but thousands of tons of woolen goods are being shipped to the warring nations on account of the high price those nations are paying, and therefore the United States faces the nearest to a wool famine that has ever been known.

Many manufacturers have been forced to shut down, others who had foreseen the situation were prepared, while a great many are using inferior material and cotton cloth that will not hold its color and we advise our friends to use every care in selecting merchandise from reputable sources where a guarantee means something.

We welcome the people of this community to Albany, the trading center of the upper Willamette Valley, and to our store where the men and boys can buy their entire outfits at prices that are RIGHT for merchandise that is RIGHT. We carry goods of different prices to give you a chance to buy the quality you desire, and we guarantee absolutely every article we sell to give you entire satisfaction; but you know that the Quality determines the Price, and we advise you to pay a fair price, and receive double service.

How to Test an Oven Before You Burn Your Cake.

Test your oven before putting in the cake by throwing on the bottom a spoonful of dry flour. If the flour takes fire or quickly turns dark brown color the oven's temperature is too high, and you should allow the oven to cool a little. If the flour remains white after it has been there a few moments the temperature is too low. If the oven is of the proper heat the flour will slightly brown and look a little scorched.

Our Motto—"Full houses and cheap houses are better than high prices and empty houses."

The caution of the New Englander in giving a direct answer to a direct question is proverbial. Two natives of a New Hampshire town met after the funeral, and the first asked, "Was not your father's death very sudden?" Slowly drawing one hand from his pocket and pulling down his beard, the other replied, thoughtfully, "Waal, rather sudden for him."—Argonaut.
