

LOCAL BREVITIES

The Scio Tribune \$1.25 a year

A. E. Edwards and children motored to Salem Saturday afternoon.

John Wesely went to Portland Monday in the interests of his moving picture show.

James J. Hill, the empire builder, is reported to be dangerously ill at his home at St. Paul, Minn.

Mrs. Al Briggs, of West Stayton, is a house guest at the home of her brother, J. A. Bilyeu, of this city.

Fire destroyed several buildings of the state penitentiary last week, the loss being estimated at \$25,000.

Sheriff Bodine was renominated over his competitor, C. M. Kendall, by 7 votes, as shown in the official count.

Ethel Arnold and Scott Turner are representing Dierdorff Lodge No. 54, I. O. O. F., at Roseburg this week.

We make a specialty of Friendship, Engagement and Wedding Rings. F. M. French & Son, Albany, Oregon.

The Scio Roller Mills is weighing up wheat, etc., preparatory to making an invoice of the same to find out where they are at.

The unusual fact of three sisters and their brother will be in the graduating class of the Albany high school at the coming commencement exercises is reported.

County Commissioner Butler was over from Albany to look after repairing the short wooden bridge on the road to the fair grounds with a large cement culvert.

Mrs. Fred Ohlmeier and Mrs. Roy Shelton are in Roseburg this week, as delegates to the Rebekah grand lodge from the local lodge of that order in this city.

N. C. Lowe, of Lebanon, who has recently established undertaking parlors in this city in connection with N. I. Morrison, was a business visitor in town last Saturday.

Dr. White, pastor of the U. P. church of Albany, has been invited to deliver the baccalaureate address to our high school graduates and will do so next Sunday evening.

Congress has abolished the free seed graft. Seed men can no longer unload worthless seed upon the government nor can congressmen use free seed distribution as a sort of vote getter to the people.

E. C. Peery won the nomination even against a sort of political trick emanating in Albany too late to be refuted. Such work, boys, leaves a bad taste in one's mouth and is not calculated to promote harmonious political action.

A fine ledge of rock has been exposed on the Munkers hill which will supply all of the material for road and street work for years, it is said. As the distance is short, the crushed rock for our streets should cost much less than the city engineer's published estimate.

When Oswald West was governor he did several things which was condemned by many of our people. But he did not force the state to employ an engineer at a salary of \$3000 per year for which we have no need as is being done by the Governor Withycombe-Kay machine.

Last week The Tribune made mention of young potatoes the size of large marbles produced by Wm. Brenner. On the following day Mrs. J. A. Bilyeu presented The Tribune family with a dish of them ready cooked with gravy, some of which were as large as hen eggs, grown in the Bilyeu garden.

Miss Nita Bilyeu returned from an over Sunday visit with her sister, Mrs. Nellie Günsauls, of Lebanon, Monday.

For Sale:—A Harley-Davidson motorcycle, in good condition, ready for use, cheap. Inquire at The Tribune office.

Misses Mary and Rose Wesely went to Portland Sunday morning for a few days visit with their sister Miss Agnes Wesely.

J. F. Wesely has in his show window an elegant silver cup which is to be awarded as a school prize in the class in mathematics.

A potash factory is to be erected at Newport, Ore., at once. The potash is to be made from kelp, large beds of which abound in the vicinity of this sea coast resort.

Ross Ray, son of Henry Ray, of south of town, was so unfortunate as to have a horse fall on him last week, resulting in injury to the head and other bruises. He was unconscious for several days, but is doing as well as could be expected.

Last week a package of four trout a foot long was presented to The Tribune family. They were caught up in the Jordan country in Thomas creek. We promised not to tell who the fisherman was, but if you will ask Bert Bilyeu he might tell you the story.

Miss Lillie Patton, of Halsey and Dell Smith, of Albany, were visiting at a neighbor's home at Loma, Mont., when the stove exploded and burned Miss Patton so severely that her death was caused. Mr. Smith, son of ex-Sheriff Smith, was less severely burned and will recover.

W. M. Shope, of Grand Canyon, Arizona, Mrs. Prudence McLaughlin and Mrs. Nellie Shew, of Stockton, Cal., arrived on Thursday at the home of their parents, Mr. and Mrs. Henry Shope, of this city, for a visit. The Shopes are holding a sort of continuous family reunion.

The wish of C. C. Jackson, of Halsey, to be one of the democratic delegates of Oregon to attend the St. Louis national convention and to help nominate Woodrow Wilson, has been granted by the democratic voters of the First district. He had the largest vote of either of the three candidates.

Democrats were kinder to A. L. Geddes, present county surveyor, than were his republican friends. He lost out with the republicans for the nomination to succeed himself, but was nominated by his democratic political enemies which nomination the law forbids him to accept. Our republican legislatures have enacted many fool laws and this law referred to is one of them. It simply means that if a candidate receives a party nomination, he must not be interfered with in the general election by his competitor, even if the competitor is the better man for the place.

Expert eye examination is absolutely necessary to determine the proper kind of glasses to use. Selecting them by any other method may result in permanent injury to your sight. When Dr. Turner prescribes glasses, it is with absolute certainty that they are the best, are only kind suited to your eyes. If you do not need glasses, he most positively will not recommend them. Dr. Turner will be at the Scio hotel Thursday, June 1. Remember the date. Beware of those going from house to house claiming to be Dr. Turner's agents. They are frauds and you will be humbugged. Be sure and call and let him show you that new invisible double vision glass for reading and close work and distant vision, all in one, which looks like a single pair, yet answers the purpose of two.

HOLLEY ITEMS

We are having a nice warm rain which is good for the garden and all growing crops.

The strawberry pickers are busy as bees on the Malone hill picking wild strawberries.

Mr. and Mrs. Joe Thompson's baby is quite sick. They called Dr. Howard to administer to its ills.

Mrs. Lizzie McQueen is moving to her farm after spending the winter in her residence in Holley.

Prof. Malone has closed a very successful term of eight months of school. Three pupils passed the eighth grade examination. They were Freddie Mineholt, Carl and Oleta Hamilton. The children presented him with a big box of bonbons. Prof. Malone will teach the fall term of eight months school at this place.

There was a mistake in last week's issue as to who received the second prize for declamation. It was Audrey Wright of the Holley school who received it.

Election is over with. It took the board all night to count the votes.

Mr. and Mrs. D. W. King has returned from Grants Pass where they went as delegates for the Grange. They report a large crowd of delegates there, all the granges being represented.

Fred Malone, Allen McQueen and Jake Pugh, of this place, are working at the A. L. Weddle saw mill this week.

The condensery is now getting about 8000 pounds of milk daily, but wants more as the demand for condensed milk is so brisk.

Dr. Prill returned from Harrisburg yesterday where he had been to assist Dr. Dale in a surgical operation. A man had had a section of his backbone crushed, causing paralysis of the lower body and limbs. They removed the injured section, placed the body in a cast and expect the man to recover.

Notice of Proposed Street Improvements

DISTRICT NO. 5

Pursuant to Resolution, adopted by the City Council of the City of Scio, Oregon, at a regular meeting thereof, held on the 4th day of May, 1916, notice is hereby given that the said City Council proposes and intends to improve Main street from the north property line of Sixth street, north to the north property line of Oak street, by grading and draining and macadamizing the same to a width of 16 feet.

That the total estimated cost of said improvement is \$1822.32.

That the total estimated cost per front foot is \$0.8761.

That the estimated part of the cost to be borne by the City is \$315.40.

That the estimated part of the cost to be borne by the property benefitted thereby is \$1506.92.

That the assessment district to be benefitted and assessed for this improvement shall be determined to extend one-half block, or a distance equivalent to one-half block where property is not platted, on each side of Main street and for the entire length of the district described.

Remonstrances against the said proposed improvements must be in writing and filed with the City Recorder within twenty (20) days from the date of first publication hereof.

Dated this 18th day of May, 1916.
J. S. Sticha,
City Recorder.

Notice of Proposed Street Improvements

DISTRICT NO. 4

Pursuant to Resolution, adopted by the City Council of the City of Scio, Oregon, at a regular meeting thereof, held on the 4th day of May, 1916, notice is hereby given that the said City Council proposes and intends to improve North street from the west line of Main street to the west line of West street, by grading and draining and macadamizing the same to a width of 16 feet.

That the total estimated cost of said improvements is \$987.69.

That the total estimated cost per front foot is \$0.5755.

That the estimated part of the cost to be borne by the City is \$101.30.

That the estimated part of the cost to be borne by the property benefitted thereby is \$886.39.

That the assessment district to be benefitted and assessed for this improvement shall be determined to extend one-half block, or a distance equivalent to one-half block where property is not platted, on each side of North street and for the entire length of the district described.

Remonstrances against the said proposed improvements must be in writing and filed with the City

City Recorder.

To the Housewife

Did it ever occur to you that you should exercise the same caution in selecting a soap for dish-washing and other ordinary purposes that you use in selecting soap for toilet use? Even toilet lotions and creams sometimes fail to counteract the too frequent use of common laundry soap. The BEST soaps are HARD soaps—made by the proper combination of Sodium Hydroxide (caustic soda) and olive oil. Thru careful study these ingredients are combined so that no excess of caustic soda is left free in the soap to attack and destroy the cuticle of the skin. Hard soap dissolve less readily in water, meaning less waste and longer life per bar, which makes the cost about the same as common soaps. Inferior soaps are made from Potassium Hydroxide (caustic potash) in combination with inferior oils, such as linseed oil or even common grease. These soaps range from ordinary laundry soaps down to home-made soft soaps which is made by mixing lye with fat scraps from the kitchen. Feeling that our trade would be interested in better soaps, we recently added considerable stock which we now offer for your approval.

NO!!

Learn to say No! Its the biggest little word in the English language. Every day, each hour of the day, there is the temptation to spend money. Yield to it and you will be poor all your life. Learn to say NO, put every dollar and every penny you can possibly scrape together in your bank account here and you will become both rich and successful. If you say no today to the little things you will be able to say YES in the future to the big things.

"A time comes to the most easy when he must answer 'NO' or go open-eyed to ruin. Then he finds that, from long disuse, the word will not shape itself."—Stanley S. Weyman.
